Why We Want To Know

Although your Social Security number (SSN) will not be used as your IPFW student identification number, it is required to receive certain federal tax benefits, and voluntarily requested to apply for financial aid and to accurately match your application with other records such as SAT I or ACT scores or transcripts. Disclosure of your SSN will be restricted to university business processes, such as those required for federal and state reporting as well as institutional purposes. By providing your SSN, you authorize the university to disclose it to third parties as necessary for these purposes.

¹ If you are applying or have applied to any other IU or Purdue campus, only one application fee is required. This is a nonrefundable fee. If you have paid the fee at an IU or Purdue campus other than IPFW, please state this in responding to Question 15 on the application.

² Institutional, state, and federal financial aid is not available to temporary students, special college graduates, special high-school students, and guests. These are temporary/nondegree-seeking classifications. If you expect to need financial aid, discuss your options with an admissions counselor.

Choosing your major

If you have questions about choosing a major or other decisions about attending college, it's best to make an appointment to talk with an Admissions counselor.

Most IPFW academic units or schools have a category for undecided students, and you should consider using it if your interests fall clearly within one academic unit. If your interests are divided between two academic units, you may choose the undecided category in one of them and discuss your alternative interest when meeting with the unit's academic advisor. Or, if you are completely undecided about a major, you may circle the "Undeclared" category under the Mastodon Advising Center (MAC).

Refer to <http://bulletin.ipfw.edu> for specific degree information.

Majors List—Circle only one option
