Susan Hannah called the seventy-seventh meeting of the Committee to order at 9 A.M. in ET 206. Other members present: Tiff Adkins, Walt Branson, Deb Conklin, Jack Dahl, Jim Ferguson, Bob Kostrubanic, Marc Lipman, Judie Violette, and Gerard Voland.

**Approval of Minutes**

Minutes from the May 18 meeting were approved.

**Student Technology Fee Budget**

The open issue was funding for classroom presentation stations. Some rooms were upgraded during the summer, and the next step is being financed through non-recurring funds of $290,000. 21 classrooms are being equipped in this stage. Carts will still serve the remaining rooms for now, and efforts will be made to find funds to equip those rooms. The plan is to replace the classroom computers every three years.

**Mission Statement for Information Technology and Strategic Goals and Initiatives for Information Technology**

The committee discussed ways of identifying metrics to support conclusions about our progress in meeting the goals for information technology. Everyone is to identify metrics for discussion at the next meeting. A plan for collecting the data would then be developed.

Jack Dahl will develop a draft update of the mission statement, which should be expanded to include assessment. Several suggestions were made about revisions to the mission statement. Bob Kostrubanic will look at Educause materials to see if common standards for assessment of environment and training are available. Susan Hannah will develop a statement of principles.

**Creation of a Web Management Unit**

Discussion of this topic was deferred until the report of the communications consultant is available.

**Removing e-mail and accounts for inactive students**

Bob Kostrubanic reported that accounts are still active for students most recently enrolled as long as five years ago. The group endorsed and approved a motion to close e-mail access when a student becomes inactive (not enrolled for a year). Bob Kostrubanic will look for best practices information on closing student accounts.
Creating an Instructional Technology Coordinating Subcommittee

Susan Hannah distributed copies of a proposal for establishing an Instructional Technology Coordinating Committee. The proposal is to be discussed at the next meeting.

Reporting the Status of IT Services Projects

Bob Kostrubanic reported that the web site with information about the status of ITS projects is nearly ready. An announcement will be made when the site is available.

OnePurdue Update

Walt Branson reported that the Finance system is scheduled for implementation in October. Phase I of the HR system is also scheduled for October, with Phase II to be implemented in January.
