Susan Hannah called the forty-seventh meeting of the Committee to order at 9:00 in ET 206. Other members present: Jack Dahl, Mark Franke, Bob Kostrubanic, Edna Neal, Wayne Unsell, Judie Violette, John Wellington.

**Approval of Minutes**
Minutes from the November 21 meeting were approved.

**Policy on Use of Technology Fee Funds**
Susan Hannah presented a draft amendment to the policy. The change was intended to include classroom presentation stations as eligible expenditures. Members also suggested some wording changes intended to clarify the policy. The changes were approved by the committee.

**Progress Reports**

**Vista:**
Planns for dual-site backup are progressing. Bids are being sought for a very high speed line to support the backup system. A test version is planned for availability in May. Volunteers would use the test system during the summer, with full implementation scheduled for fall.

**Banner system implementation:**
Security arrangements are being reviewed for both Banner and WebCT. A consultant has been hired to provide advice on implementing the CAPP system. Requirements for many programs have been built, and work is continuing on the remaining program requirements. Work is also continuing on increasing the amount of academic history data in the system.

**Network capacity:**
The network is generally operating at 10-20% of capacity, so there is room for growth.

**Laptop Computers for Students**
Susan Hannah reported that there is still interest in arranging a discounted program of laptop lease/purchase for students. IT Services has discussed a possible program with Hewlitt-Packard and will report progress at the next ITPC meeting.
ID Cards and Universal ID's on the Network

Judie Violette reported that the current ID card is not meeting as many needs as it could. Edna Neal, Mark Franke, and Walt Branson will review opportunities for improving the service.

This is one aspect of the need to improve connections between the library and the Banner system, probably in the context of implementing a universal network id. ADCAC is reviewing the issues.

Other Items

Bob Kostrubanic reported that Purdue has contracted with IBM for consulting services related to choosing an integrated vendor system. A decision is expected in January but may be delayed for a few months.
