Walt Branson called the thirty-third meeting of the Committee to order at 9:00 in ET206. Other members present: Frank Borelli, Jack Dahl, Jim Ferguson, Mark Franke, Susan Hannah, Marge Kimble, Bob Kostrubanic, Scott Lazoff, Al Pugh, and Judie Violette.

### Approval of Minutes
Minutes from the October 19 meeting were approved.

### Report from the Wep Pages Review Group
Judie Violette reported that the intended Web Advisory Committee has not been appointed, and such a committee is still needed to set guidelines for the campus web site. The committee should function as an advisory group to ITPC, and Chancellor appointments are not needed. Judie will prepare a draft membership list for the next meeting, along with a list of questions and issues.

### Groupwise Implementation Update
Bob Kostrubanic reported that IT Services has converted to GroupWise and that the system is linked to ccMail through the transition period. University Relations is scheduled for conversion at the end of November, and Accounting Services will convert in early December, followed by the other financial affairs offices and the student affairs offices. The calendar and scheduling features of the system seem to be working well. Academic Affairs offices will be scheduled after spring semester begins.

The change to the new system is also the basis for creating the new web-based bulletin board system. It is expected to be operational soon and will be open only to on-campus users.

### Telecom. Plan Update
Bob Kostrubanic distributed an 11-15-00 Network Upgrade report. A new edition, with completed percentages, will be provided at the next meeting. The goal is to provide one gigabit service to all buildings and 10 megabit service to desktops and video service will be added to the report.

### ACITAS Update
Marge Kimble reported that ACITAS recommendations for general education computer literacy are being sent to the General Education subcommittee for consideration. Information literacy will be addressed separately.
Information Technology Strategy

Bob Kostrubanic distributed a summary of the dimensions of the demand for information technology at IPFW. Authentication issues are being addressed in this context. Al Pugh asked for a report on network capacity and usage.

Other Items

Bob Kostrubanic mentioned that IU has prepared a report on how student technology funds are being used. The report could be a model for a similar report for this campus. A different approach may be needed since the student technology fee is not shown separately on IPFW fee statements.

An upgrade to the link between WebCT and SIS is being considered. The normal $50,000 cost is discounted to $25,000 until December 31.

Meeting Schedule for 2000-01

The next meeting will be December 21, 9:00 - 10:30, in ET 206:

Future meetings are January 18, February 15, March 15, April 19, May 17, and June 21.
