Subj: Changes to the Indiana University Academic Handbook's Criteria for Promotion

Disposition: To the Presiding Officer for implementation

The Faculty Affairs Committee of the Indiana University University Faculty Council requested campus review of the following proposed amendment to the Indiana University Academic Handbook. This resolution is a response to that request.

Resolved, That the Fort Wayne Senate endorse the following amendment to the paragraph "Criteria for Promotion" in the Indiana University Academic Handbook:

Current:

Teaching, research and creative work, and services which may be administrative, professional, or public are long-standing university promotion criteria. Promotion considerations must take into account, however, differences in mission between campuses, and between schools within some campuses, as well as the individual's contribution to the school/campus mission. The relative weight attached to the criteria above should and must vary accordingly. A candidate for promotion should normally excel in at least one of the above categories and be satisfactory in the others. Promotion to any rank is a recognition of past achievement and a sign of confidence that the individual is capable of greater responsibilities and accomplishments.

Proposed:

Teaching, research and creative work, and services which may be administrative, professional, or public are long-standing university promotion criteria. Promotion considerations must take into account, however, differences in mission between campuses, and between schools within some campuses, as well as the individual's contribution to the school/campus mission. The relative weight attached to the criteria above should and must vary accordingly. A candidate for promotion should normally excel in at least one of the above categories and be satisfactory in the others. Alternatively, a candidate may present evidence of a balance of strengths that promises extraordinary benefits to the university over time. Under this alternative, the candidate's total record should be assessed by comprehensive and rigorous internal and external peer review. Promotion to any rank is a recognition of past achievement and a sign of confidence that the individual is capable of greater responsibilities and accomplishments.

Subject: Proposed amendments to the IPFW academic regulations and procedures: (SD 85-18) -- Changes in procedures for reporting academic dishonesty

Whereas, The Trustees of Purdue University have approved an IPFW Code of Student Rights, Responsibilities, and Conduct ("The Code"); and

Whereas, The Code provides in V.B. that "in case of any conflict or inconsistencies with any other rules, regulations, directives, or policies now existing, these regulations shall govern";

Be It Resolved, That the IPFW Academic Regulations and Procedures (SD 85-18) be amended as shown below to bring this document into conformance with the provisions of The Code:

---

**Text of the Code**

III.A.2.a. An instructor who has information that a student enrolled in a course being conducted by the instructor has committed an act of academic misconduct related to that course is required to hold an informal conference with the student concerning the matter within 10 class days of discovering the alleged misconduct. The faculty member must advise the student of the alleged act of misconduct and the information upon which the allegation is based.

III.A.2.b. If the instructor concludes that the student did commit the act of misconduct as alleged, the instructor is authorized to impose an appropriate academic sanction related to the particular course involved. An appropriate academic sanction for such misconduct may include, but is not limited to, any of the following:

[List of sanctions appears here.]  

III.A.2.c. After imposing an academic sanction, the instructor is required to report the matter and action taken within 10 class days in writing to the student, the chair of the student's department, the dean or director of the student's school or division, and the dean of students.

---

**Proposed Amended Text of IPFW Academic Regulations and Procedures: Additions Emboldened, Deletions Struck Through**

4.3.1. Initial decision. An instructor who has evidence of cheating shall initiate the process of determining the student's guilt or innocence and the penalty, if any, to be imposed. An instructor shall make initial findings only after informing the student **during an informal conference held within 10 class days of discovering the alleged cheating** of charges and evidence, and allowing the student to present a defense. The instructor **may assign a grade of Incomplete to any student whose case cannot be fully resolved before the course grades are due in the Registrar's Office.**

4.3.2. Reporting. During the period in which the student is permitted to drop courses, the instructor shall inform the Registrar promptly of any allegation of cheating, so that an accused student will not be permitted to withdraw from the course. The instructor who makes an initial finding that academic dishonesty has been practiced shall provide a timely, confidential report to the Dean of the Faculty **impose an academic sanction.** Then, **within 10 class days,** the instructor shall supply a written report to the student, the chair of the student's department, the dean or director of the student's school or division, and the dean of students. This report shall summarize the evidence and the penalties assessed.
Text of The Code

II.A.2.d. If the student’s course grade is affected by the sanction, the student has the right to appeal the academic sanction imposed by an instructor through the IPFW grade appeals system. (See IPFW Academic Regulations—Grade Appeals.)

II A.2.e. A student may not be placed on disciplinary probation or suspended or expelled from IPFW or a school or division within IPFW because of an act of academic misconduct unless the dean of students concludes that such a sanction is justified by the nature of the act or because the student has committed previous acts of misconduct.

Proposed Amended Text of IPFW Academic Regulations and Procedures: Additions Emboldened, Deletions Struck Through

4.3.3 Appeal. No penalty other than the award of a grade of Incomplete (with its potential consequent effects on enrollment in subsequent courses) shall be imposed until the completion of an appeal or the expiration of the time limits for a potential appeal, except that the Registrar shall not permit a course withdrawal or issue a diploma or degree to a student against whom charges are pending.

When an instructor and a student cannot agree on the facts pertaining to a charge and on the penalties to be assessed, the student may request that the issue be heard in accordance with the academic appeals policy in Appendix B [IPFW Grade Appeals Policy, SD 82-2, as Amended]. If a student’s course grade is affected by the penalty, the student has the right to appeal the penalty imposed by an instructor through the IPFW grade appeals system. (See Appendix B [IPFW Grade Appeals Policy, SD 82-2, as Amended]).

Whereas, The Calendar Subcommittee and the Educational Policy Committee have studied the scheduling of MW afternoon classes; and

Disposition: To the Presiding Officer for implementation.

Whereas, IPFW has no campuswide policy or procedure for the evaluation of academic administrators (i.e., department chairs, deans and directors, academic vice chancellor, and chancellor);

Resolved. That the IPFW administration, in cooperation with the appropriate faculty-governance bodies, develop, publish, and implement a policy and procedure for the periodic evaluation of academic administrators; and

Resolved. That the following principles be observed in the IPFW policy and procedure:

1. Each academic administrator at the level of department chair or above should be evaluated on a regular schedule, at intervals not exceeding three years.

2. The purpose of each evaluation should be the improvement of the academic administrator's performance.

3. A majority of the membership of each body appointed to evaluate academic administrators should be Voting Faculty as defined by the Constitution of the Faculty.

4. Appointments to each body evaluating an academic administrator should be made by the immediate administrative superior of the person being evaluated: For example, deans should appoint committees evaluating department chairs, the academic vice chancellor should appoint committees evaluating deans, the chancellor should appoint committees evaluating the academic vice chancellor and the presidents should appoint committees evaluating the chancellor.

5. Appointments to these committees should be based on close consultation with the appropriate, elected faculty-governance bodies, or in the case of small units lacking such elected bodies, with all Voting Faculty in the unit.

6. Following completion of the evaluation, the committee and the appointing person should prepare and distribute to the relevant faculty-governance body (department, school, or campus) a written summary of the review. Further distribution of the review shall be determined by the faculty-governance body.

7. Results of evaluations should be taken into account in decisions concerning salary adjustments, continuation of administrative duties, and similar conditions of employment.
