9. Committee reports "for information only" - There were no committee reports for information only.

10. The general good and welfare of the University:

M. Downs: One of the things that I have found particularly informative and worthwhile is the practice of many of the standing committees to publicize or otherwise distribute their minutes on the web site and in other ways. I think that we have probably gotten to the point where in doing this there ought to be a standard to be followed by committees when they publish and distribute their minutes. Some committees give us a lot of explanation, some give us almost no explanation, some give us lots of explanation one time and then for the next meeting give us a lot less information. I was wondering if at some point in the future the Rules Committee might undertake and develop a standard format to be used for any minutes that are going to be published and distributed by the committees of this body.

S. Hollander: I didn't ask to speak. (laughter)

W. Frederick: There has been some confusion on what kinds of minutes are to be kept. I would say that since we are in "general good and welfare" that you might follow the guidelines pretty much stipulated by the Senate. The Senate records its acta in verbatim minutes under general good and welfare and special reports. Other than that, if it is the will of the body, I suggest you bring a motion forward.

M. Downs: I am not making a motion, but I am suggesting that I have noticed a lot of variety and some inconsistency. Minutes are much more useful when they are consistent and contain relatively uniform presentation and information.

W. Frederick: I agree. Perhaps it is time for us to establish some sort of a procedure for reporting--what should and should not be included.

S. Hollander: Now that I have had 30 seconds to think about the suggestion, I think that it is a good one and one that I will take to the Rules Committee.

At this point a Senator requested that the discussion which followed be "off the record." There was no objection and the Presiding Officer so ordered.

When the discussion concluded, Senator Hollander made the following announcement.
S. Hollander: Professor Sedlmeyer, who has been a member of the Computer Users Advisory Subcommittee (CUAS), recently informed me that he is on leave and has resigned from that committee. He had been elected by the School of Engineering, Technology and Computer Science. The dean of the school has informed me that Professor Silver will replace Professor Sedlmeyer on the CUAS.

M. Wartell: May I just speak to one issue which I really appreciate. Our United Way campaign, thanks to Professor Barrett and Linda Ruffolo and all of your support, could not have come out better. We increased our participation from 40 to 60 percent. We have never had that before. We increased our giving by about 30 percent and the people who receive that money couldn’t appreciate your generosity more; it really does help out people in need. Thank you very much for making that campaign successful.

11. The meeting adjourned at 4:12 p.m.

Respectfully submitted,

Barbara L. Blauvelt
Secretary of the Faculty
