Mastodon Career Call – Upcoming Webinar

Starting Your Own Business: The Other Career Choice

[May 15 from 12:00p.m. to 1:00p.m. EST]

Have you thought about just going off on your own? There are plenty of opportunities and different options for self-employment (such as starting your own dream business, buying one, or a franchise). This webinar will explore the pros (flexibility, surpass previous income) and cons (greater risk of failure, cost of health insurance, greater need for self-discipline), risks involved, and the ultimate payoff from the perspective of a local entrepreneur. It will also give excellent resources to help you start on the right foot.

[Presenter: Jane Rich, Small Business Development Center]

Sponsored By: IPFW Career Services & Office for Diversity and Multicultural Affairs
