Dr. David Linquist

IPFW

Dear Drs. Carr and Linquist:

It is with great pleasure that I hereby approve the formation of the IPFW Institute for Holocaust and Genocide Studies.

In order to support the initial functions of the institute, the Office of Research and External Support will provide base funding in the form of some combination of course release and administrative stipend during the 2009-2010 fiscal year. Additionally, arrangements will be made to support the clerical needs of the institute.

The Office of Research and External Support is committed to maintaining this base support of the institute for a minimum of 3 years. Additional university resources will be directed to support institute activities if the institute is successful in securing significant external support. The institute will be required to submit an annual report of activities and a budget linked to its future plans.

Best wishes for future success.

William McKinney
Vice Chancellor for Academic Affairs
