        (Amended & Approved, 4/15/2013)

On April 15, 2013, SD 91-20 was amended by Senate. We believe the amendment, likely
recorded incorrectly, does not reflect the intent of the proposed amendment. To remedy the
problem, we would like to propose several changes that we feel are editorial in content, rather
than substantive. Specifically, we propose below several renumbering and reordering changes
to the Guidelines portion of document. If you find that these are not editorial changes, please
feel free to advise another course of action for correcting the document.

GUIDELINES

1. Ordinarily, an individual may exclude no more than one year from the probationary period
   for justifiable conditions.

2. Normally, requests for exclusions must be made within one year from the time the
   conditions occurred which precipitated the request.

3. Exclusions will not be granted after the beginning of the penultimate year.

4. A one-year automatic exclusion will be granted to either or both parents for the birth or
   adoption of a child. Faculty may choose to submit a tenure case under their original or the
   extended timetable. Decisions regarding whether or not requests for exclusions will be granted
   shall be based on:
   a. verification that the conditions leading to the request occurred or continue to exist.
   b. verification that the faculty member's performance prior to the conditions leading to
      the request warrants an exclusion.
   c. confirmation that the conditions for which the request is being made fall within the
      parameters of those deemed in these guidelines to be justifiable.

5. A one-year automatic exclusion will be granted to either or both parents for the birth or
   adoption of a child. Faculty may choose to submit a tenure case under their original or the
   extended timetable.
6. Faculty who have been awarded an exclusion shall have no requirements or expectations beyond those of any probationary faculty member.

7. Work accomplished during the excluded period may be cited in the promotion/tenure case.

BE IT RESOLVED, that the Bylaws of the Fort Wayne Senate be amended as indicated below to allow Continuing Lecturers to annually elect one Senate Affiliate who will be permitted to participate, without vote, in Senate meetings:

2.5.3.3 Continuing Lecturers shall select annually one of their number to serve as Senate Affiliate.
Question Time

Despite the faculty leadership repeatedly requesting delineation and explanation for the unparalleled growth in administrative positions reflected in Senate Reference 11-29, we have not received any systematic response. Further, as academic programs appear in jeopardy as a result of current budget-cutting efforts, there has been no apparent effort by the administration to analyze the contributions of this administrative growth to the recruitment, retention and graduation of students. Could you please provide the Senate with an accounting of just where these increases occurred and their impact on recruitment, retention and graduation efforts?

WHEREAS, the Indiana General Assembly passed House Enrolled Act 1348-2013 which established a requirement that public colleges provide degree maps to all first-time full-time students; and

WHEREAS, the Act also provides a course-scheduling guarantee to all first-time full-time students that if a course on a student’s degree map for a particular semester is full or is not offered, then the institution must provide the course for free in a future semester unless it provides the student with a revised degree map; and

WHEREAS, the Act directs the Indiana Commission for Higher Education to provide guidance for establishing degree maps and provisions for the guarantee policy; and

WHEREAS, the proposed policy reflects the guidance provided by the Indiana Commission for Higher Education; therefore

BE IT RESOLVED that the Educational Policy Committee determines that the IPFW policy conforms to state guidelines and needs no Senate review.
Degree Map and Free Course Guarantee Policy

In 2013, the Indiana General Assembly passed House Enrolled Act 1348-2013 (HEA 1348-2013) which established a requirement that public institutions provide a degree map to all new first-time full-time associate and bachelor degree seeking students enrolling in the Fall semester of 2014 or later. The act also provides a course-scheduling guarantee to these students; if a course on a student’s degree map for a particular semester is not offered or is full, the institution must provide the course for free in a future semester unless the institution provides a revised degree map.

Degree Map

IPFW will provide a “standard” degree map to all new first-time full-time associate and bachelor degree seeking students who attend new student orientation or attend an initial advising meeting prior to enrollment of the first semester. Either during or immediately following the first semester of enrollment, each eligible student will be provided access to a “customized” degree map which will include completed dual credit and/or accepted advanced placement work.

Students who have selected a major will be provided a full map complete with specific courses. Students who have not selected a major will be provided a map with the first 30 credit hours based on the general education core, and these students will receive a full map when a major is declared at or before the completion of the 30 credits.

Free Course Guarantee

HEA 1348-2013 also contains a provision which requires institutions to provide (at no cost to the student) any course on a student’s degree map in which the student cannot enroll (because it is full, offered only at the same time as another mapped class, or is simply not offered). The free course guarantee only applies to students who have complied with their degree map. If a course is not available, IPFW will either provide a new degree map which does not delay graduation or provide the course free of charge to the student the next available semester.

To qualify for the “free course guarantee” the student must have:

- Followed his or her degree map in each prior semester. The student must have successfully completed the prescribed courses or satisfied the prescribed electives in the semester mapped.
- Been unable to register for the course because it is not offered, only offered at the same time as another mapped course or is at full capacity. The course is considered full only if all sections of the course are full, not just the preferred time slot.
- Attempted to register for the course during “priority registration” (students waiting to register after the priority registration period will not be eligible for the free course guarantee).
- Not received a revised degree map that maps the unavailable course in a future semester without altering the graduation date.
- Been within 150 percent of the standard time (six years for a bachelor’s degree or three years for an associate degree) to complete the degree.

Any student who believes he or she qualifies for the “free course guarantee” should meet with his or her academic advisor during priority registration to proactively reach a solution which would allow for on-time completion.
