Rubric Levels Defined:

Distinguished (4)

The student teacher has demonstrated an exemplary ability to create a community of learners that has students highly motivated and engaged and assuming considerable responsibility for their own learning.

Proficient (3)

The student teacher clearly understands the concepts and implements them well. This implementation is consistent and effective.

Basic (2)

The student teacher appears to understand the underlying concepts and attempts to implement those elements. Implementation is intermittent and/or not entirely successful. Additional reading, observation, and experience (particularly supported by a mentor) may enable the teacher to become proficient in this area.

Unsatisfactory (1)

The student teacher does not appear to understand the concepts underlying the component. Work on the fundamental practices associated with the elements is required to enable growth in this area.

Student teachers performing at the Proficient or Distinguished levels should be considered STRONG CANDIDATES for teaching positions!

Each Rubric Level must have a number entered. You may include half points (.5) in your Rubric Level if needed (Ex. 1.5, 2.5, 3.5).

This is the most important part of the rating of the student teacher. This narrative summary should be reasonably detailed, complete, and accurate, including reference to specific examples of the student teacher's skills. It should address the student teacher's abilities and readiness to be a first-year teacher. If there are areas for improvement, these too should be mentioned. The summary should include your recommendation of the student teacher's potential as a member of the profession.
