

About the Office of Engagement

The Office of University Engagement provides a direct means of access to IPFW, Indiana University, and Purdue University resources in research, technology, technical expertise, and educational services. The goals of the office are to facilitate the utilization of university intellectual property and enhance new and existing regional businesses. This interaction stimulates economic development, which improves the overall quality of life in northeast Indiana.

ABOUT IPFW

Indiana University–Purdue University Fort Wayne (IPFW) is a joint campus of two internationally recognized Big Ten schools. IPFW is accredited by The Higher Learning Commission of the North Central Association of Colleges and Schools. It has the broadest scope of programs of all institutions of higher learning in northeast Indiana, offering more than 190 degree and certificate options. IPFW has a diverse enrollment of nearly 12,000 students encompassing many ages, races, and nationalities. Through exemplary standards in teaching, research, and service, IPFW reflects Indiana University and Purdue University's commitments to excellence and lifelong learning. IPFW provides its students the opportunity for success through its academic diversity, affordability, and flexibility.

IPFW Engagement Opportunities are community-based outreach initiatives from the regional campus of IU and Purdue:

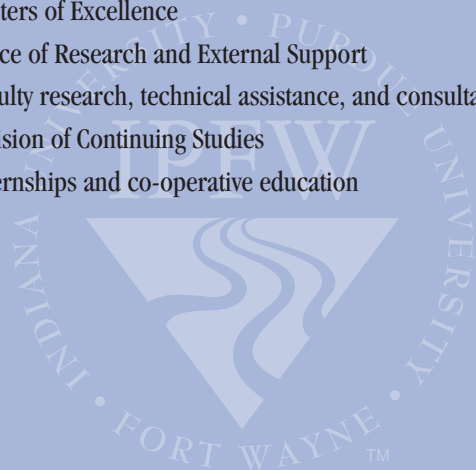

Centers of Excellence

Office of Research and External Support

Faculty research, technical assistance, and consultation

Division of Continuing Studies

Internships and co-operative education

Purdue University

Throughout its 130-plus year history as a land grant institution in Indiana, Purdue University has embraced its missions of learning, discovery, and engagement. Purdue is committed to

using its expertise and knowledge, in every way possible, to strengthen the state's economy and is partnering with northeast Indiana business and industry through the university engagement office.

Purdue offers the following areas of expertise:

Technical Assistance Program

Discovery Park Centers for Interdisciplinary Research

Office of Technology Commercialization

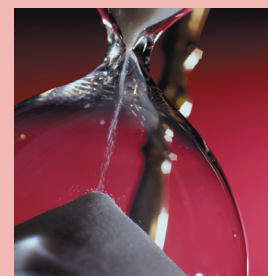

Center for Regional Development

Statewide Technology Program

Community Learning Centers (Cooperative Extension)

Indiana University

Founded in 1820, Indiana University is a public, multi-campus institution with more than 99,000 students and 17,000 faculty and staff across eight campuses. IU is one of the top ten public

research institutions in the United States.

Advancing Indiana is a university-wide program to facilitate IU's role in contributing to economic development efforts in the state. The university engagement office serves as Advancing Indiana's outreach partner in northeast Indiana.

IU provides the following areas of expertise:

Indiana University Research and Technology Corporation

Center for Urban Policy and the Environment/Indiana

Business Research Center

Life Sciences/IU Medical School

School of Informatics/Informatics Research Institute

Kelley School of Business
