| <b>Approval of Minutes</b>                | Minutes from the September 16 meeting were amended and approved.  |
| <b>Personal Response Systems Proposal</b> | Sam Birk presented a proposal for IPFW to join in a Purdue initiative to license Personal Response System software. Several faculty are already using these systems, primarily through textbook adoptions, and a common campus system is recommended to standardize support and minimize costs for students. ITPC endorsed the proposal and recommended use of student technology funds for the recurring costs.                  |
| <b>Web Guidelines</b>                     | Judie Violette asked for comments and approval of a draft set of Web policies intended to clarify areas of responsibility and other issues related to the campus Web site. ITPC members made some amendments to the policy statement and then approved it.  |
| <b>Student E-mail Update</b>              | Mark Franke reported that final arrangements are being made, with a “go or no go” decision to be reached next week in terms of using the system for spring bursar bills. He also reported that Groupwise will be used as the e-mail system for mass mailings. An oversight committee is to be formed with an administrator as chair, a Banner representative, an IT Services representative, and an academic area representative. |

**Future Agenda  
Items**

- Review of IT Services Strategic Plan and progress
- Await discussions by the academic and administrative user committees and other constituencies of possible imaging systems for the campus.
- Implementation of network inventory software
