

INFORMATION TECHNOLOGY POLICY COMMITTEE

MINUTES OF THE MEETING OF JUNE 20, 2002

Susan Hannah called the forty-fifth meeting of the Committee to order at 9:00 in ET 206. Other members present: Walt Branson, Deb Conklin, Jack Dahl, Mark Franke, Bob Kostrubanic, Judie Violette, John Wellington.

Approval of Minutes

Minutes from the May 16 meeting were approved.

Student Lab Accounts for Non-Credit Programs

Deb Conklin described the need for support of non-credit computer applications courses. Lab accounts could be accompanied by a special technology fee for those classes. Banner could support the function, but not until additional analysis has been done and other priorities have been addressed. Another option might be to establish generic id's that CE could manage. Deb will follow up with Bill Baden.

Connecting Personal PC's to the Network

Bob Kostrubanic distributed a policy draft paper describing concerns about connecting personal PC's to the network. The goal is to allow these connections without significant involvement of IT Services staff in configuring individual machines. Wireless access is expected to address some of these issues.

IT Services Strategic Plan GIS Software

Members were asked to provide comments to Bob Kostrubanic.

Susan Hannah reported growing numbers of departments are interested in using a networked GIS software program and asked for investigation of what software might be available for installation. Bill Baden will be asked to follow up.

Open Lab Utilization

Bob Kostrubanic will provide results from a recent survey of open lab utilization.
