Academic Student Achievement Program! (ASAP!)

The Mission
The Academic Student Achievement Program (ASAP!) is a student success initiative designed to retain a diverse group of students including those of various ethnicities, ages, and socioeconomic statuses. The program focuses on three areas: academic monitoring program (early intervention), student and leadership development, and career and professional development.

Academic Monitoring
The ASAP! program provides advising through an electronic, early-alert system. IPFW faculty are asked to submit progress alerts the 6th and 11th weeks of the semester to monitor your performance in the classroom. An ASAP! coach will review any progress alerts and will help you to improve. We will also acknowledge outstanding performances in the classroom.

Co-Curricular Transcript
The Co-Curricular Transcript (CCT) is a program for recording awards, scholarships, community service, educational workshops, programs, leadership activities, student government, and organizations. By recording activities outside of the classroom, the CCT complements your academic transcript and serves as a valuable addition to your academic transcript when you apply to graduate school or search for a job.

ASAP! participants are eligible to receive credit on their co-curricular transcript.

For more information, please contact the Student Life office at 260-481-6609 or visit their webpage at www.ipfw.edu/stulife.

Student Success Programming
ASAP! meets monthly to encourage social and cultural interaction by providing lunch and guest lecturers.

For a list of current workshops, please visit: http://www.ipfw.edu/odma/programs/achievement.shtml

By signing the contract with MAC, you agree to disclose your education records for the purpose of participating in the ASAP! Program. We will monitor your academic progress while you are a participant in the program. Your progress will also be documented for educational purposes, such as longitudinal research studies.
