AVAILABILITY OF ANNUAL SECURITY AND FIRE SAFETY REPORT

The IPFW University Police Department *Your Campus, Your Safety: Annual Security and Fire Safety Report* includes statistics for the previous three years concerning reported crimes that occurred on campus, in certain off-campus buildings or property owned or controlled by IPFW University, and on public property within, or immediately adjacent to and accessible from, campus. The report also includes policies concerning campus security, sexual assault, and other related matters. Copies of this report can be obtained by contacting the IPFW University Police Department at 260-481-6827, at Support Services Building, 2101 East Coliseum Boulevard, Fort Wayne, IN, or online at http://www.ipfw.edu/offices/police/documents/IPFW_Police_Current_Annual.pdf

CAMPUS CRIME STATISTICS

Introduction

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (“Clery Act”) is a federal law that requires the distribution of an annual security report to all current faculty, staff, and students and notice of its availability to prospective students, faculty and staff. This annual security report includes statistics for the previous three years concerning specific reported crimes that occurred on campus, in certain off-campus buildings or property owned or controlled by the University, and on public property within or immediately adjacent to, and accessible from, campus. This report also includes information regarding personal safety and general crime prevention; safety and educational programs offered at Purdue; sexual assault risk reduction, prevention, and disciplinary processes; how the University communicates to students, faculty, staff and the larger community about emergency or imminently dangerous situations; emergency preparedness; alcohol and drug policies; and fire safety. A copy of this report is made available to faculty, staff and students in early October of each fall semester and is available for public viewing online. The definitions for crimes in the below statistics come from the FBI Uniform Crime Reporting Handbook.

CAMPUS SAFETY

Introduction

The Fort Wayne/IPFW University community offers numerous advantages to students and residents. The community is a great place to live, work, and study. However, it is not immune to the kinds of problems that beset the rest of the nation. Unfortunately, one of these problems— crime — is a reality at IPFW and in Fort Wayne.

The University attempts to provide a safe and secure environment for students, staff, and visitors. However, it is possible to maintain safety and security only when every student, faculty, and staff member takes an active part in the effort.

The purpose of this publication is to:

- Provide the IPFW community with an overview of IPFW University Police Department services.
- Share crime statistics required by federal law (Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act).
- Inform current and prospective students, staff, and visitors about the University's more than 200 policies and programs designed to help keep them safe.
- Share information regarding emergency preparedness and planning.
- Share information regarding fire safety, fire statistics, and fire-related information.

No matter how effective the University's programs may be, the primary responsibility for safety and security lies with each of us. No police department or set of procedures can be effective unless individuals exercise reasonable care and prudence. Safety and security is everyone's personal responsibility.

IPFW University Police Department

The University maintains its own professional police agency. State law grants IPFW police officers the same powers of arrest and law enforcement as city and county officers. The IPFW Police Department is staffed by competent law enforcement professionals who use advanced equipment, techniques, and current technology to perform their duties. The department works closely with the Indiana State Police, the FBI, and the City of Fort Wayne Police and Allen County and has been approved by the state legislature and Purdue's Board of Trustees to maintain jurisdiction across the entire state of Indiana. The IPFW University Police Department has a memorandum of understanding with the Fort Wayne Police Department for immediate mutual aid assistance. The IPFW Police Department encourages the other agencies to inform it of all reported criminal activity at any site affiliated with the University or with University-recognized organizations on and off campus. In an emergency, police can be summoned via any of the nearly 60 emergency telephones located throughout campus as well as by dialing 911. All reports of criminal activity will be handled and investigated in an appropriate and professional manner.

Besides direct efforts in crime prevention and detection, the IPFW Police Department carries out a number of programs to foster safety and security:

Bike Patrol. The IPFW Police Department's bike patrol unit consists of four officers. Officers can perform nearly all of their duties on bicycles, with the exception of transporting prisoners. The bike patrol is a cost-effective community outreach program that allows officers to interact with people while patrolling the campus.

Public Information. The police department works closely with Marketing and Creative Services, including student publications, to publicize crimes and criminal investigations. Police Daily Activity logs are open to the general public and can be viewed on University Police's homepage at www.ipfw.edu/police under the Crime Statistics link.

Group Presentations. IPFW police officers present safety and security talks to the campus community upon request. Presentations are scheduled regularly to address the special concerns of residence managers, resident assistants, library staff, international students, sororities, fraternities, and other groups.

Bicycle Registration. Students are encouraged to register their bicycles as an aid to recovery in case of theft. Bicycles can be registered at no charge through the main Student Housing Office.

Property Engraving. Students can bring property, such as calculators, to the IPFW Police Department to be engraved with ID numbers as an aid to recovery in case of theft.

911

You can summon help in an emergency by dialing 911 on any phone in Allen County. Place routine calls to the police and other agencies by using the non-emergency numbers listed in the front cover of this guide.

Emergency Telephone System

These emergency telephones are placed at strategic locations around campus and are equipped with a blue light for easy access. For assistance, push the button, which will connect you to the IPFW Police Department.

Reporting of Criminal Offenses

The IPFW University Police Department encourages anyone who is the victim or witness to any crime to promptly report the crime by calling 911 by calling the non-emergency number at (260) 481-6827, or by going to the IPFW Police department at Support Services Building, 2101 East Coliseum Boulevard, Fort Wayne, IN.

Off-campus reports of crime may be reported by calling 911 or by calling the non-emergency numbers for the following departments:

- Fort Wayne Police Department: (260) 427-1222
- Allen County Sheriff's Department: (260) 449-3000
- Indiana State Police: (260) 432-8661

Anonymous Reporting. Indiana provides an anonymous crime reporting hotline: WeTip Hotline: 1-800-78-CRIME. Additionally, Purdue has a system-wide (which includes IPFW) anonymous reporting program that is maintained by an external company, managing the intake of information with trained interview specialists who are available 24 hours a day, 7 days a week. After the intake is complete, the report will be provided to designated University personnel for appropriate action. Reports will be handled promptly and discreetly; however, sufficient and detailed information is necessary to conduct a thorough investigation. To utilize the Purdue University Enterprise-Wide Hotline, please call 1-866-818-2620.

IPFW does not have policies that allow for voluntary, confidential reporting reports of crimes for inclusion in the annual disclosure of crime statistics. Crimes reported to the anonymous hotlines are included in the annual crime statistics and aid in providing timely warning notices to the community, when appropriate and possible.

Pastoral and Professional Counselors

IPFW does not have policies or procedures to encourage pastoral and professional counselors who are exempt from Clery reporting requirements to report aggregate statistical information.

Campus Offices Designated to Receive Crime Reports

While all individuals who have witnessed or been the victim of a crime are encouraged to report crimes to the IPFW Police Department first and foremost, IPFW has designated other specific campus offices that may receive crime reports in addition to the IPFW Police Department:

Official	Address	Phone Number
IPFW University Police Department	Support Services Building, 2101 E. Coliseum Blvd.	260 481 6827

Office of the Dean of Students	Walb Union Room 111	260 481 6601
Human Resources	Kettler Hall Room G02	260
Office of Institutional Equity	Kettler Hall Room 110N	260 481 6107

This publication contains information about on-campus and off-campus resources. That information is made available to provide Purdue University community members with specific information about the resources that are available in the event that they become the victim of a crime. The information about “resources” is not provided to imply that any resources other than the Purdue Police Department or those offices specifically identified in this section are “reporting entities” for the Purdue University Police Department.

Building Security

Physical Plant personnel are responsible for security considerations used in the maintenance of campus facilities. Security-related maintenance issues, such as broken windows, faulty doors and locks, missing screens and discharged fire extinguishers are given first priority by the maintenance personnel.

Most academic buildings must remain unlocked until late at night due to evening classes, student and faculty research projects, and special events. Custodians are instructed to report any suspicious activities to the police department immediately. Building hours are 7 a.m – 1 p.m. and closed on campus holidays.

University housing staff strives to provide safe and secure environments for their residents. The residential facilities are equipped with roughly 560 cameras monitoring residential entrances, hallways, lobbies, elevators, and building exteriors. Housing staff publish guidebooks that explain building access and security policies. The guidebooks are distributed to residents and staff and can be found on the Student Housing Web site. Entrance to most residences is restricted to the people who live and work there by the use of electronic key fobs.

Missing Student Notification Procedures

In the event that a student is missing for more than 24 hours, notify the IPFW University Police Department immediately. If a resident assistant or other University personnel is notified of a missing student, that individual must report the missing student immediately to the IPFW University Police Department. Each student living in on-campus housing has the option to identify a contact person or persons whom the University will notify within 24 hours if the student is determined to be missing by the IPFW University Police Department. Each student will designate their emergency contacts with university housing at the beginning of the school year. The student may also change and amend their emergency contacts, throughout the year, at the front desk of their residence hall. This contact information will be registered confidentially, will be accessible only to authorized University officials, and will not be disclosed, except to law enforcement personnel in furtherance of the missing person investigation.

If a student is under 18 years of age and not emancipated, Purdue must notify a custodial parent or guardian within 24 hours of the determination that the student is missing, in addition to any additional contact person designated by the student.

Unless a local law enforcement agency was the entity that made the determination that the student was missing, the University will notify the local law enforcement agencies surrounding our main campus within 24 hours of the determination that the student is missing.

Crisis Intervention Team

There are several IPFW police officers specially trained to safely de-escalate contacts with emotionally distressed and mentally ill persons and work with the mental health system in Allen County to get help for people in need. The Crisis Intervention Team (CIT) is a county-wide effort that involves the hospitals, counselors, courts, and law enforcement officers from various local agencies. All officers are provided training to help them recognize when a person’s actions may be the result of a mental health issue, and they are encouraged to involve CIT members to help bring the situation to a successful resolution for the person in distress and the community.

WETIP HOTLINE

1-800-78-CRIME / 1-800-782-7463

24 hours a day. This hotline is a way for all citizens to report illegal activity anonymously.

SEX OFFENDER REGISTRATION

The Campus Sex Crimes Prevention Act (CSCPA) is a federal law that provides for the tracking of convicted sex offenders enrolled at or employed by institutions of higher education. The CSCPA's intent is to extend the protection of the sex offender registries and Megan's Law to college campuses. It also amends the Clery Act to require institutions of higher education to issue a statement advising the campus community where to obtain law enforcement agency information provided by a state concerning registered sex offenders. The Indiana Sex and Violence Offender Registry may be checked online at icrimewatchnet/indiana.php Megan's Law can be found online at www.klaaskids.org/st-ind.htm or you can visit the PUPD website: purdue.edu/police.

COMMUNICATION ABOUT CAMPUS CRIMES AND SAFETY

IPFW University provides information about campus security procedures and practices to students and employees in a variety of ways and encourages them to be responsible for the security of themselves and others. This section discusses some of the ways in which campus offices communicate information about crime on campus.

IPFW Emergency Warning Notification System: IPFW ALERT

IPFW is a large and complex institution, and people move about our campus freely. A key part to IPFW's campus preparedness is the University emergency warning notification system — IPFW ALERT. Despite advances in communication, there is no way to reach everyone instantly with a single message. However, the multi-layered communication approaches we have in place will help spread the word on emergency incidents. We use very simple concepts to initiate our warning notification:

- **Fire Alarms:** immediately evacuate the building and proceed to your Emergency Assembly Area
- **All-Hazards Outdoor Emergency Warning Sirens** immediately seek shelter (“shelter in place”) in a safe location within the closest building. This course of action may need to be taken during a weather event (such as a tornado) accidental release of toxic chemicals in the outside air or a serious civil disturbance such as gunshots fired.

Go inside to the lowest internal room and seek additional information by all means possible. Remain in place until police, fire, or other emergency response personnel tell you it is safe to leave or until such information is announced through the IPFW ALERT system.

Additional warning notifications and follow-up information will use other layers of the IPFW ALERT. They are:

- **Text Messaging** IPFW University faculty, staff and students may sign up via the myIPFW website to receive an emergency notification text message.
- **Social Media:** Emergency information may also be found on IPFW's Facebook page at www.facebook.com/ipfw.mastodons or IPFW's twitter account at www.twitter.com/ipfw.
- **Email** An e-mail will be sent to all people with an ipfw.edu address.
- **IPFW home page** www.ipfw.edu is the focal point of the most complete information in all campus-related emergencies.
- **Local Media** The University works with the news media, radio, TV, newspapers, and Internet, to help spread the word.

Emergency Response and Evacuation

The IPFW University Police Department embraces the National Incident Management System (NIMS) and uses Incident Command principles while responding to major incidents.

IPFW University will, without delay, and taking into account the safety of the community, determine the content of notification by the University's emergency warning notification system, IPFW ALERT, and will initiate the IPFW ALERT system if a significant emergency or imminently dangerous situation involving a threat to the health and safety of students, employees or visitors occurs on or near campus, unless in the professional judgment of the responsible authorities the notification will compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency. The significant emergency or imminently dangerous situation will normally be confirmed by University Police Department personnel prior to alerting the campus community.

Most significant emergencies or dangerous situations will be reported to the Consolidated Communication Partnership Communications Center, which will dispatch University Police Department personnel to investigate and confirm the emergency. If confirmed, the University Chief of Police or designee will start the notification process by notifying public safety officials. Activation of all or part of the overall warning notification system including the determination of the appropriate segment or segments of the campus community to receive the notification, will be decided by the Chancellor, Vice Chancellor for Financial and Administrative Affairs, University Chief of Police, Officer in Charge, or designee. Each incident will be evaluated based on incident specifics and life safety factors; a decision to make an emergency notification will then be made.

The University Chief of Police or Chief Communications Officer will normally direct IPFW ALERT activation. However, the responding incident commander may direct IPFW ALERT activation if immediate life safety issues exist. The initial IPFW ALERT notifications will normally use a pre-formatted message that provides very basic information designed to immediately notify IPFW faculty, staff, and students. More detailed information will be included in subsequent notifications and posted on the IPFW University homepage.

IPFW ALERT will normally be tested at the beginning of each academic semester. Tests may be announced or unannounced. In conjunction with the testing, IPFW public safety officials will publicize IPFW's emergency response procedures, and will document for each test, a description of the exercise, the date, time, and whether it was announced or unannounced. When IPFW ALERT is tested, the University Police Department recommends that the IPFW community should review their emergency response and evacuation procedures as contained in the *Emergency Procedures Handbook*.

Emergency Warning Notification System Test

During the 2014 calendar year, there were several instances in which IPFW used the Emergency Notification System for real-time notifications (i.e. weather alerts, hazardous situation). From January through November 2014 ten (10) notifications were sent most of which covered all Emergency Notification System layers. Additionally, there were two unannounced ENS system tests conducted in September and October.

Timely Warning Procedures

The IPFW Police Department will issue timely warnings to notify the campus community of Clery reportable crimes reported to Campus Security Authorities or local police agencies and that are considered to represent a serious or continuing threat to our community. Upon receipt of a report of a crime on or near campus, the University Chief of Police (or designated representative) will determine, on a case-by-case basis, whether to issue a timely warning. Factors considered include, but are not limited to:

- **The nature of the crime** including but not limited to whether it was a Clery crime and whether it involved harm to person or property;
- **The continuing danger to the campus community** including but not limited to whether the suspect has been apprehended and whether there is a substantial risk to the safety of other members of the campus community; and
- **The possible risk of compromising law enforcement efforts** This risk will not prevent IPFW from issuing a timely warning but may impact the content of any issued timely warning.

The purpose of timely warnings is to allow campus community members to protect themselves. Thus, timely warnings will include information that helps promote safety and aids in the prevention of similar crimes, including information about the crime that triggered the warning and steps individuals can take to protect themselves. The name of any crime victim is not included in a timely warning.

Once a decision has been made to issue a timely warning, the Chief of Police / designee or the Chief Communication Officer will create and disseminate timely warnings. Timely warnings are issued to the IPFW campus through a variety of methods, which is determined on a case-by-case basis by the Chief of Police or designee. Methods of deliver include:

- **Text Messaging** IPFW University faculty, staff and students may sign up via the myIPFW website to receive an emergency notification text message.
- **Social Media:** Emergency information may also be found on IPFW's Facebook page at www.facebook.com/ipfw.mastodons or IPFW's twitter account at www.twitter.com/ipfw
- **Email** An e-mail will be sent to all people with an ipfw.edu address.
- **IPFW home page** www.ipfw.edu is the focal point of the most complete information in all campus-related emergencies.
- **Local Media** The University works with the news media, radio, TV, newspapers, and Internet, to help spread the word.

Policy for Reporting the Annual Disclosure of Crime Statistics

The IPFW Police Department prepares this report to comply with the federal law (the Clery Act). The full text of the Clery Act can be located on the Web at www2.ed.gov/admins/lead/safety/campus.html. IPFW University's Annual Security and Fire Safety Report can be accessed on the Web by visiting the IPFW University Police Department's home page at www.ipfw.edu/police or visiting the direct link at www.ipfw.edu/offices/police/documents/IPFW_Police_Current_Annual.pdf. This report is prepared in cooperation with the local law enforcement agencies surrounding our main campus and alternate sites, IPFW Student Housing on the Waterfield Campus, Office of the Dean of Students, the Office of Student Life, the Center for Women and Returning Adults, Human Resources, and IPFW Athletics, Recreation, and Intramural Sports. Each entity provides updated statistical information.

Campus crime, arrest, and referral statistics include those reported to the IPFW Police Department, designated campus security authorities (including but not limited to directors, deans, department heads, residence halls disciplinary personnel, athletic coaches), and local law enforcement agencies.

IF YOU HEAR:

CRIME PREVENTION PROGRAMS AND SECURITY AWARENESS

The University offers a variety of safety programs and services throughout the year and/or upon request. The focus of these programs and services changes depending on need. Currently, the following are offered:

International Student Orientation Program. These programs are offered at the beginning of each school year during International Student Orientation. Topics covered are proper utilization of the 911 system and signing up for the campus alerts under my.ipfw.edu.

Personal Safety This program is offered as requested and presented by the University Police. Topics that are covered include personal safety tips and theft prevention measures to safeguard personal items.

Personal Safety The IPFW University Police department provides escort services for faculty, staff, and students

Student Housing Training. This program is offered at the beginning of each semester to the RA staff and describes the police department's role in assisting them with investigations and how they can supplement our efforts. Also included are personal safety tips and theft prevention measures to safeguard personal items.

Publications. The police department and the Office of the Dean of Students distribute various publications that address problems such as date rape, alcohol abuse, and theft.

Lighting. The campus is routinely surveyed to ensure that exterior areas are adequately lighted at night. Sidewalks are specifically reviewed to determine whether additional lighting is needed. Trees and shrubs that impair lighting along walks are trimmed as needed.

Escort. The IPFW University Police department provides escort services for faculty, staff, and students when requested by dialing 260-481-6827.

Office of the Dean of Students (ODOS). Staff members in this office provide a variety of services to students, including victim assistance, counseling about personal concerns, and information about University resources.

SEXUAL ASSAULT, DATING AND DOMESTIC VIOLENCE, AND STALKING

IPFW proactively addresses sexual assault, dating violence, domestic violence, and stalking. These crimes will not be tolerated on campus and are a violation of state law as well as the University's *Anti-Harassment Policy*.

Sexual Assault, Dating Violence, Domestic Violence, and Stalking Programs

IPFW offers risk reduction, prevention and awareness programs and campaigns designed to prevent and eliminate sexual assault, dating violence, domestic violence, and stalking.

Primary Prevention Programs

A three-module online primary prevention and risk reduction program entitled "Respect Boundaries: Sexual Assault Awareness" is required of all incoming students. New employees are required to complete an in-person module during New Employee Orientation. The components of these programs include:

1. Definitions of sexual assault, dating violence, domestic violence, and stalking.
2. Dynamics of sexual assault and intimate partner violence, with particular emphasis on college-aged populations.
3. Data concerning sexual assault victimization, including the role of alcohol in sexual assaults and intimate partner violence.
4. Services and resources available to victims/survivors.
5. Strategies for primary prevention.
6. Bystander intervention strategies.

Awareness Campaign

Since 2010, in collaboration with the Fort Wayne Women's Bureau, the Center for Women and Returning Adults present six to eight sexual assault prevention workshops at various sites around IPFW's Student Housing complex during the fall semester. Though the workshops are targeted for freshman who are statistically the most vulnerable to sexual assault, they also draw a significant number of upperclassmen.

In 2012, IPFW received a grant from the Indiana Campus Sexual Assault Primary Prevention Program (INCSAPPP) to launch a social marketing program aimed at urging students to understand the meaning of legal consent. The campaign was tested by student focus groups during the spring of 2013 and continued into the 2014-2015 academic year. This program is offered to University residents and is done in conjunction with the Office of Institutional Equity and The Office of Diversity and Multicultural Programs.

Ongoing Prevention and Educational Programs

IPFW offers several ongoing sexual assault risk reduction, prevention and educational programs across campus. A list of programs follows:

Rape Aggression Defense (RAD)

Available at IPFW since 2000, Rape Aggression Defense (RAD) is a women's self-defense program. This 12-hour comprehensive course equips participants with realistic self-defense tactics and techniques. The IPFW Police Department conducts RAD classes for student and staff groups, organizations, and the general public. The initial focus of RAD is on education and awareness, prevention, risk reduction, and avoidance of assault and rape. The program then progresses to the basics of hands-on defense training. Certified instructors provide a workbook/reference manual and hands-on training. RAD is dedicated to teaching defensive concepts and techniques against various types of assault by utilizing easy, effective, and proven self-defense martial arts tactics. The program provides participants with the knowledge to make an educated decision about resistance.

R.A.D. training is available for \$5 per person for faculty, staff, alumni, and student participants and their children and spouses. Non-campus participants are charged \$25. RAD is a class for women only. Enrollment priority is given to university students, faculty, and staff, and is handled on a first-come, first-served basis. Classes are typically held 4-6 times a year depending on class size. For additional information, e-mail Lt. W. Kent Notestine at notestiw@ipfw.edu

or call 260-4881-6827.

Self-Defense Awareness and Familiarization Exchange (SAFE)

The Self-Defense Familiarization and Exchange (SAFE) training is a two-and-a-half-hour long program that is an introduction to women's self-defense. Presented by the designers of RAD, the SAFE program exposes participants to information that may reduce their risk of exposure to violence, and allows them to familiarize themselves with physical skills training. This program serves as a precursor to the full RAD program. Enrollment priority is given to university students, faculty, and staff, and is handled on a first-come, first-served basis. For additional information on the above classes, e-mail Lt. W. Kent Notestine at notestiw@ipfw.edu or call 260-481-6827.

Indiana Law

The Indiana Code defines and sets forth prescribed sentences for the crimes associated with sexual assault, relationship violence, and stalking. Indiana law does not define “consent” in reference to sexual activity. The University has adopted a definition of “consent” in its *Anti-Harassment Policy* which is available in Appendix C. Appendix contains relevant Indiana laws that apply to these crimes on the IPFW campus.

Procedures for Sexual Assault Victims/Survivors

People who have been sexually assaulted react in many different ways — there is no right or wrong reaction. Listed here are some important things to consider. Even if your assault happened days, weeks, months or years ago, it is never too late — or less important — for you to seek help and start your healing process.

Reporting an Assault

Reporting a sexual assault is optional but highly encouraged. Victims have a number of different reporting options.

Law Enforcement. Victims of sexual assault may report the crime to the IPFW Police Department by calling 911, by calling the non-emergency number at (260)481-6827 or by going to the department at the Support Services building, 2101 East Coliseum Boulevard, Fort Wayne, IN.

University officials can assist you in notifying law enforcement authorities of an assault if you would like such assistance. For more on what to expect while filing a police report, visit www.purdue.edu/sexual_assault/faq/police.html.

Off-campus assaults can be reported to the local law enforcement agency with jurisdiction over the location where the assault occurred. Individuals may call 911 or the non-emergency numbers below.

What to Do if You Have Been Sexually Assaulted

Get to a safe place as soon as you can. If the assailant poses an immediate danger to you or anyone else, alert the police as soon as possible by calling 911.

Once you are safe, contact someone you trust to be with you for support. This could be a friend, family member, a resident assistant or even a specially trained sexual assault advocate.

Preservation of Evidence. Try to preserve all physical evidence, such as clothing, even if you don't know if you want to report the assault or press charges. Evidence may be maintained so that it will be available if you decide to move forward with criminal charges at a later point in time.

- ✓ Do not eat, drink, bathe, shower, wash your hands, use the toilet or brush your teeth.
- ✓ Don't change your clothes if possible, but if you need to change, put all of the clothes you were wearing in a bag and bring them with you to your medical exam.
- ✓ Take a minute to write down everything you remember about the assault, including a description of the assailant.

Medical Care. You should seek medical care as soon as possible, even if you don't have any apparent injuries. For more on what to expect during a post-sexual assault exam, visit www.purdue.edu/sexual_assault/what-to-do/medical-care.html.

Emotional Support. Seek emotional support to help sort out your feelings about the assault.

Support Services

There are a number of support services and rights to which students and employees of the University are entitled in sexual assault matters. These rights and services are provided whether the conduct occurred on- or off-campus.

Confidentiality

IPFW recognizes the importance of ensuring the confidentiality of sexual assault victim to the greatest extent practicable. For purposes of the Clery Act disclosures, Campus Security Authorities do not disclose the name of the victim in making their required reports without the express permission of victim. Further, IPFW will keep confidential any remedial or protective measures provided to sexual assault victims to the greatest extent possible that does not otherwise prevent the University from providing such measures.

Campus Disciplinary Procedure (Non-Criminal Process)

Sexual assault is a violation of the University's *Anti-Harassment Policy* and will be addressed accordingly.

The University's disciplinary process begins when an individual (victim or third-party) contacts the Title IX Coordinator or the Office of the Dean of Students to report a sexual assault. Sexual assaults may also be reported by completing the online reporting form at purdue.edu/sexual_assault.

Disciplinary Process Steps. After a sexual assault report is received, a trained University investigator will begin a prompt, fair and impartial investigation into the allegations. At the conclusion of the investigation, a report of the

investigator's findings will be prepared. The timelines for the disciplinary process are set forth in full in Appendix B, the Procedures for Resolving Complaints of Discrimination and Harassment.

The meeting of the three-person panel of the Advisory Committee on Equity will be held, and each party will have the option of attending this meeting. The parties will not be asked or required to be present at the same time during this meeting or at any point in the disciplinary process.

The Dean of Students will determine whether it is more likely than not (preponderance of the evidence standard) that the allegations constitute a violation of the *Anti-Harassment Policy*. If the Dean of Students concludes there has been a violation of policy, s/he will impose appropriate sanctions for the violation. Both parties will be notified concurrently in writing of the outcome and, if applicable, any sanctions. Each party has the right to have a support person throughout the disciplinary process. While a support person may be an attorney, a support person may not stand in place of either party, act as legal counsel for a party, or otherwise participate in the disciplinary process.

Each party will have the right to submit a written appeal to the Vice President for Ethics and Compliance. The decision of the Vice President for Ethics and Compliance will be the University's final action on the matter.

Possible Sanctions. Sanctions for violations of the *Anti-Harassment Policy* include the following:

- Expulsion
- Suspension
- Exclusion from certain locations on campus
- Exclusion from certain campus activities
- Probated Suspension
- Probation
- No Contact Directives
- Educational Sanctions
- Community Service

University faculty and staff who participate in the disciplinary process, including investigators, adjudicators, advisory committee members, receive annual training on issues related to relationship violence, sexual assault, and stalking, as well as how to conduct a hearing process that is fair, thorough and equitable.

Written Notifications

IPFW provides written notification to all students and employees of existing services available for victims, both within the institution and within the greater Fort Wayne community. IPFW also provides written notification to all sexual assault victims about options for (and assistance with) changing academic, living, transportation, and working situations. Such accommodations will be provided upon request, provided that they are reasonably available, regardless of whether the victim chooses to report the crime to campus local law enforcement. Written information about the rights, options, and services available to victims of sexual assault, domestic violence, dating violence, or stalking (described above), is provided to all individuals who report such an instance.

ALCOHOL AND OTHER DRUG INFORMATION

Alcoholic Beverages

Use, possession, or distribution of alcoholic beverages is strictly regulated.

State law prohibits consumption or possession of alcoholic beverages by persons younger than 21 years old. The law also prohibits persons 21 or older from providing alcoholic beverages to minors. A person misrepresenting his or her age to obtain alcoholic beverages is in violation of the law.

With a few exceptions, such as pre-approved events in the John and Ruth Rhinehart Music Center, Walb Student Union, Williams Theatre, the Alumni Center, or the SCAN Garden, possession of alcoholic beverages on the IPFW campus is prohibited. Violators of alcohol policies are subject to the provisions of applicable state and federal laws as well as University disciplinary actions.

IPFW's alcohol policy is published and distributed annually to students and employees. Purdue's Alcohol and Drug-Free Campus and Workplace Policy (Executive Memorandum No. C-44) is available at Appendix F.

Assistance for both students and employees is available through University counseling programs. Personal counseling and referral are provided for students and their spouses through IPFW/Parkview Student Assistance Program (SAP) and for staff through the Employee Assistance Program (EAP).

Illegal Drugs

Indiana state law and University regulations prohibit the use, possession, or distribution of controlled substances without a valid prescription. Violators of drug policies are subject to the provisions of applicable state and federal laws as well as University disciplinary actions.

Purdue's drug policy is published and distributed annually to students and employees. Purdue's Alcohol and Drug-Free Campus and Workplace Policy (Executive Memorandum No. C-44) is available at Appendix F.

Assistance for both students and employees is available through University counseling programs. Drug abuse counseling is provided by the Employee Assistance Program (EAP). Personal counseling and referral are provided for students and their spouses through IPFW/Parkview Student Assistance Program (SAP).

Educational Programming

The University currently offers the following Alcohol and Drug educational programming:

AlcoholEdu: A program that is assigned to alcohol violation offenders.

Athlete Orientation Program – All athletes at IPFW attend a yearly educational program and orientation that reviews the Code of Students Rights and Responsibilities, with specific discussion on alcohol and drug use, as well as sexual assault and harassment.

Student organization officers and advisors attend a mandatory orientation each where alcohol issues and policies are addressed.

Athletic Training: IPFW Athletics annually presents videos on banned substances and where they might appear. A list of banned substances and IPFW Athletics policies are also discussed.

Alcohol Awareness Program: This educational program is presented to resident assistants at the beginning of the fall semester by University Police. The program includes a presentation regarding the dangers of alcohol consumption.

Drug Recognition and Identification: This program is presented to resident assistants at the beginning of the fall semester by University Police. It provides education on a wide variety of drug related topics. Information on how to identify an individual under the intoxicating effects of drugs as well as how to identify specific drugs themselves is provided.

Mastodons HERDS: Helping t Educate and Respond to Drinking Situations This is a program which allows active bystanders to report emergency situations that arise from unsafe alcohol or drug misuse. To induce this behavior, as a practice IPFW will waive charging a student with a violation of the Student Rights, Responsibilities, and Conduct if the reporting student calls for emergency assistance (911), stays with the student who is having a potential emergency situation, and complies with emergency officials by being forthright in providing information. This practice will parallel and support the Indiana Lifeline law (indianalifeline.org).

Student Assistance Program: This program offers alcohol education programming and counseling upon request. This program offers alcohol education programming and counseling done in conjunction with the Center for Healthy Living and the Office of the Dean of Students upon request. Screenings and assessments are offered for students and highlighted during Suicide Prevention Week, Mental Health Awareness Week, the Health Fair, and Drug and Alcohol Awareness Week.

International Student Education: The Office of the Dean of Students speaks with international students about the alcohol and drug policies at the start of both fall and spring semesters. The Office of the Dean of Students, The Office of Institutional Equity, and the Student Assistance Program speaks with international students about the alcohol and drug policies at the start of both fall and spring semesters.

TIPS: When requested, this training program is offered to all groups that host events where alcohol will be served.

Resident Assistant Training: Resident assistants are trained on policies and warning signs in August. The resident assistants conduct training programs for their residents.

EMERGENCY PREPAREDNESS

www.ipfw.edu/dotAsset/240512.pdf

The Campus Crisis Management Committee is responsible for the emergency preparedness and planning activities on the IPFW University campus. The Campus Crisis Management Committee partners with the University police, local fire departments, and other offices, agencies, and departments (as applicable) in developing the Crisis Response Plan. Our goal is to provide a means to utilize all available resources to **PREPARE** for potential emergencies or disasters whenever possible and deal efficiently with the effects of inevitable events, **RESPOND** to save lives and protect property, and promote a means to **RECOVER** mission-critical business and academic operations.

IPFW University has adopted the National Incident Management System (NIMS), which is a comprehensive, national approach to incident management that is applicable to all jurisdictional levels and across functional disciplines. A key part of NIMS is the Incident Command System (ICS). ICS is a field emergency management system designed for all hazards and levels of emergency response. It provides the framework for IPFW University first responders to react to any incident or major event. IPFW University police personnel meet all ICS training requirements.

Emergency Procedures Handbook

The handbook provides basic “how to” information to help the campus community respond to emergencies. While it is impossible to produce a document that is all-inclusive, this publication addresses the most common emergencies and those that are most likely to occur in the future. The Handbook is available at

www.ipfw.edu/dotAsset/240512.pdf.

Tornadoes

tornado watch is issued when conditions are favorable for tornado formation. A tornado warning is issued when a tornado has been detected and may be approaching. In this locality, a continuous siren signal lasting approximately three minutes signifies a tornado warning. Tornado warnings are broadcast by the All-Hazards Outdoor Emergency Warning sirens, NOAA weather radios, and by local commercial radio and television stations. When you hear a tornado warning, you should take shelter immediately in the nearest facility (preferably in a reinforced concrete building — like most buildings on campus) and proceed to the lowest level of the building away from windows and doors. If possible, avoid auditoriums, gymnasiums, and other areas with wide-span roofs. Be prepared to kneel and cover your head. If you are in a building with no basement, get under heavy furniture near the center of the facility. Do not remain in a trailer or mobile home. If you are outdoors, lie flat in the nearest depression, ditch, or ravine. Remain in the sheltered area until the all-clear signal is given via radio or television or the expiration of the original tornado warning.

Emergency Building Evacuation for Persons with Disabilities

In the event of an emergency that may require the evacuation of a campus building, the following procedures are recommended:

- ☑ If you are able to be evacuated, please do so at that time. Remember to use the stairs if able. Never use the elevator during a fire alarm.
- ☑ If not, “shelter in place” in an area with no immediate hazards and telephone 911. Advise the police dispatcher of your location. The use of 911 routinely identifies your location if you are calling from a Purdue University land-line phone. Even if you are unable to speak, the dispatcher will automatically surmise that you may be in trouble and will respond accordingly.
- ☑ If you are unable to call 911, advise others around you of your location and have them inform emergency personnel.
- ☑ If you are in no immediate danger, remain where you are and wait for emergency personnel to arrive.
- ☑ If you are in immediate danger, move to an area where you can “shelter in place” (recommended areas such as a room with an outside window or a room with a sprinkler system, if available).
- ☑ You are also encouraged to carry a sounding device (like a small whistle), flashlight, and cell phone to alert emergency personnel of your location.
- ☑ Having a plan for evacuation assistance and practicing it may save your life. It is best to pre-plan for such an eventuality. Arrangements can be made to reasonably assure that assistance is provided to anyone who requires it.

FIRE SAFETY REPORT

The Higher Education Opportunity Act (Public Law 110-315) became law in August 2008. It requires all United States academic institutions that maintain on-campus housing facilities to produce an annual fire safety report outlining fire safety practices, standards, and all fire-related on-campus statistics.

The following public disclosure report details all information required by this law as it relates to the IPFW University Campus.

General Statement

At IPFW, all residence halls are protected with integrated fire sprinkler systems and redundant fire alarm monitoring systems which are monitored 24 hours/day, seven days/week.

Fire Safety Improvements and Upgrades

The Campus Safety Office reviews the fire systems in all residence halls and will make upgrades, repairs or revisions when problems are identified. There are currently no further fire safety improvement projects.

Residence Hall Fire Drills

Fire drills are held once a semester, fall and spring, for each residence hall. Fire drills are mandatory supervised evacuations of a building for fire. The fire drill is scheduled with the Student Housing Director, the university police department, and the individual residence hall staff. Supervised fire drills are scheduled at a time that is conducive to demonstrate the effectiveness of the drill. A total of two fire drills were held during 2014.

Evacuation route maps are posted in each resident room showing the closest egress route and the assembly area outside. Students who fail to leave the building during a fire drill are counseled and the incident is turned over to the Student Housing Director for adjudication.

False reporting of an emergency is unlawful. We prohibit unauthorized use of or tampering with emergency or safety equipment. Interference with and/or non-adherence to emergency evacuation procedures is unlawful. Blocking open any fire door, locked door, or passing through any door where security alarms are set is prohibited. Tampering with emergency equipment and/or safety equipment can result in university disciplinary sanctions and or arrest. Always keep hallways and stairwell smoke doors closed. Do not reenter the building until you hear an all-clear signal.

When a fire alarm sounds, you must:

- Close room windows.
- Leave room lights on.
- Close room doors.
- Walk calmly to the nearest exit and continue outside and away from the building.

Do not use the elevators during a fire or a fire drill. **YOU MUST EVACUATE THE BUILDING WHENEVER THE FIRE ALARM IS SOUNDED.** General rules for campus and student housing evacuations are:

- Wear shoes and a coat.
- Walk calmly when exiting the building.
- Remember to exit the building using the closest exit or exit stairway. Never use an elevator when evacuating a burning building.
- Remember others will be using the same exit, so remain calm and orderly and move away from the doorway.
- Remain at your assigned place outside the building until you are given the signal to return.
- If you see a fire or smoke, pull the nearest alarm and notify someone on staff, then evacuate. Students reporting a fire should call 911 after exiting the building.

Fire Life Safety Education

The university residence policy on evacuation from residence halls is discussed with all residents when they move into the residence hall and are located in the Student Housing Handbook. Resident assistants view fire training video and are educated on the use of fire extinguishers and locations of fire exit doors. Resident assistants conduct a training session with all residents on fire safety education at the beginning of the fall semester and spring semesters.

Student Housing Policies

The university residence policy on fire safety is to prohibit usage of certain portable electrical appliances, open flames, and smoking in individual rooms. Candles or open flame are prohibited in residence halls. There are limits on the number electrical appliances allowed in a specific room. The prohibited appliances include, but are not limited to space heaters, halogen lamps, and other heating devices.

IPFW prohibits smoking in any of the residence halls. Smoking is permitted only in designated outdoor smoking areas.

Fire/Life Safety Inspections

During the academic semester university residence staff personnel conduct fire/life inspections. Students are notified of all upcoming inspections and are urged to participate.

During the inspection if a violation is found, the student(s) will receive a letter indicating what the violation was and will be expected to meet immediate compliance. If the violations have not been corrected after an unannounced re-inspection, the occupant(s) will be subject to disciplinary action.

Some common violations are as follows:

- Extension cords and multi-tap electric units without a breaker
- Items stored closer than 18 inches from a sprinkler head
- Blocking of electrical panels
- Blocking of egress (exit) pathways
- Evidence of burning of candles, incense, or tobacco products
- Evidence of cooking; or cooking appliances, even if unused
- Evidence of heavy load of combustibles in a room, on the walls, or ceiling
- Covering a door with paper or other combustible material
- Use of electrical wiring, devices, appliances which are modified or damaged
- Use of portable heater
- Tampering with smoke detector including removing the battery
- Use of halogen lamp/lighting
- Unsafe lofting or raising of beds — including beds with no guardrails
- Strings of lights, twinkle lights, holiday lights
- Any other situation deemed unsafe by the staff inspector

Reporting a Fire

Students reporting a fire should call 911. If the fire event is no longer a danger they should contact the Student Housing Director, or Assistant Director to report the incident to the police department for purposes of investigation and inclusion of fire in the Annual Fire Safety Report.

The individual with the responsibility for determining whether information will be withheld from the log will document in writing the basis for withholding information from the log and he or she will maintain a copy of the documentation in a secure file. The withheld information must be disclosed once the adverse effects described above are no longer likely to occur.
- C. Log entries for the most recent 60-day period must be available for public inspection during normal business hours. Logs older than 60 days must be made available within two business days of a request for public inspection.

I. Gathering Crime Statistics — University Police

- A. Campus Security Authorities: University Police will be responsible for gathering the crime statistics that must be reported in the Annual Security and Fire Safety Report (See section I.C.13 above). University Police will develop a written procedure for gathering the statistics. University Police will also implement safeguards to prevent double counting.
- B. Local Police Agencies: University Police will be responsible for making good faith efforts to gather crime statistics from local police agencies, which must be reported in the Annual Security Report (See section I.C.13). Any such efforts will be documented in writing.

II. Fire Log

- A. The Purdue Fire Department (West Lafayette) and the University Police chiefs (Regional Campuses) will make, keep and maintain a daily log, written in a form that can be easily understood, recording all fires that occurred in a Campus student housing facility. The log must include the nature, date, time and general location of each fire.
- B. Fires will be recorded in the daily log within two business days of the report of the fire to the Purdue Fire Department (West Lafayette) or University Police department (Regional Campuses), and any new information about a log entry will be recorded within two business days after the information becomes available to the Purdue Fire Department (West Lafayette) or the University Police Department (Regional Campuses).
- C. Log entries for the most recent 60-day period must be available for public inspection during normal business hours. Logs older than 60 days must be made available within two business days of a request for public inspection.

III. Annual Report to the Secretary of Education

The senior director, environmental health and public safety (West Lafayette), the vice chancellor responsible for security (Regional Campuses) and the directors of Separate Campuses, or their designees, will submit annually the crime statistics listed in paragraph I.C.13 and the fire statistics listed in paragraph I.C.17 for their respective Campuses to the United States Secretary of Education.

IV. Questions

Questions regarding these procedures may be directed to the senior director of environmental health and public safety (West Lafayette and Separate Campuses) or the vice chancellor responsible for security (Regional Campuses).

V. History and Updates

January 29, 2015: These Operating Procedures were revised and separated from the related policy on Campus Security and Crime Statistics (IV.A.2). Revisions include the expansion of section I.C.8 to include information about dating violence, domestic violence, stalking and related programs and procedures, as well as information on timely warning procedures.

Procedures for Resolving Complaints of Discrimination and Harassment

Revised July 1, 2015

A. INTRODUCTION

Purdue University is committed to maintaining an environment that recognizes the inherent worth and dignity of every person, fosters tolerance, sensitivity, understanding and mutual respect, and encourages its members to strive to reach their potential. Harassment in the workplace or the educational environment is unacceptable and will not be tolerated.

These Procedures outline the resolution processes that will be used to investigate and/or resolve a report of harassment and/or discrimination under the Purdue University Anti-Harassment Policy (III.C.1) and Equal Opportunity, Equal Access and Affirmative Action Policy (III.C.2) (“Policies”). These Procedures apply to Title IX matters, including Relationship Violence, Sexual Exploitation, Sexual Harassment, Sexual Violence, and Stalking, in addition to all other forms of prohibited discrimination and harassment.

These Procedures apply to faculty, staff, students, and any persons conducting business with or visiting the University. Any individual or group of individuals found to have violated the Policies will be subject to disciplinary and/or remedial action, up to and including termination of employment or expulsion from the University.

Any employee, student, campus visitor or person participating in a University activity, whether on or off campus, who has experienced or witnessed discrimination and/or harassment is encouraged to report the incident(s) promptly. Prompt reporting of complaints is vital to the University's ability to resolve the matter.

Once the University has received a report of harassment and/or discrimination, the University will take any and all necessary and immediate steps to protect the Complainant. Such actions may include taking interim steps before the determination of the final outcome of an investigation.

There are both informal and formal processes for resolving complaints of discrimination and harassment. A Complainant may elect to invoke either the Informal or Formal Resolution Process. If the Complainant finds that initial informal efforts are unsatisfactory, the Complainant may then seek formal resolution.

The University may initiate an investigation of circumstances that may involve discrimination and/or harassment even where no complaint, formal or informal, has been filed. In such situations, the University may elect to investigate and, if warranted, impose disciplinary sanctions pursuant to these or other established University procedures.

In matters involving alleged criminal conduct, the Complainant may notify, or decline to notify, local law enforcement at any time. The University may also make an independent determination to notify law enforcement and/or other authorities based on the nature of the complaint.

B. SCOPE

These Procedures apply to all complaints of discrimination and/or harassment, whether the parties are students, recognized student organizations, employees, campus visitors or persons participating in a University activity. Employees who are students involved in activities subject to these Procedures may be treated as students, as employees, or both at the sole option of the University.

These Procedures govern conduct that occurs on and/or off campus or that impacts the educational or work experience of a member of the Purdue community. In particular, off-campus conduct is subject to these procedures if 1) the conduct occurred in the context of an education program or activity of the University; 2) the conduct has or had continuing adverse effects on campus or in an off-campus education program or activity; or 3) the Respondent is a student.

C. RESOURCES FOR RESOLVING COMPLAINTS OF DISCRIMINATION AND HARASSMENT

Inquiries and complaints about discrimination and/or harassment may be brought to the Campus Equity Office, Office of the Dean of Students or the Vice President for Ethics and Compliance. The management of all complaints of discrimination and/or harassment, regardless of where they are initially received, and the implementation of these Procedures is the responsibility of the Vice President for Ethics and Compliance. Any question of interpretation regarding these Procedures shall be referred to the Vice President for Ethics and Compliance for final determination.

Information regarding the Title IX Coordinator for each campus is available in the Anti-Harassment Policy.

University Investigator

A person appointed by the Executive Director, Chancellor, or Dean of Students to investigate a Formal Complaint pursuant to Section I of these Procedures.

E. GENERAL PROVISIONS

1. Delegation

The Chancellor, Dean of Students, or Executive Director may delegate his or her authority under the Procedures to an Eligible Designee.

2. Requests for Anonymity or No Action

To protect both the Complainant and the Respondent, every effort will be made to protect the privacy interests of the persons involved in a manner consistent with the need for a thorough review of a report or Complaint.

If the Complainant requests that his or her name or other identifiable information not be shared with the Respondent, or requests that the University take no formal action in response to a report, the Vice President for Ethics and Compliance shall evaluate such request and notify such individual of the University's response to such request.

The University will honor the Complainant's request to the extent possible based on a careful balancing of such requests with any legal reporting requirements, the risk of harm to any individual and the University's duty to maintain a safe and non-discriminatory environment for all.

If the University honors the request for anonymity, the University's ability to meaningfully investigate the incident and pursue disciplinary action against a Respondent may be limited. Complainants are advised, however, that even if a Complainant has made such a request or requests that the University take no formal action in response to a report, the University may be obligated to move forward with a University-Initiated Investigation and potential disciplinary action if there is an individual or public safety concern and sufficient independent information exists to establish that the Anti-Harassment Policy has been violated.

The Vice President for Ethics and Compliance will assess such requests by examining the seriousness of the reported conduct, whether the reported misconduct was perpetrated with a weapon, the respective ages and roles of the Complainant and Respondent, whether there have been other reports of harassment or discrimination by the Respondent, whether the University possesses other means to obtain relevant evidence, whether the report reveals a pattern of perpetration at a given location or by a particular group, and the rights of the Respondent to receive notice and relevant information before disciplinary action is initiated.

3. Interim Measures

Upon receipt of a complaint, the University will take interim measures to address concerns regarding safety and well-being. If necessary, the University will assist the Complainant in making reasonable efforts to avoid contact with the Respondent(s). Interim measures may include no contact directives, changes in class or work schedules, changes in University-owned living arrangements, interim suspension, University-imposed leave, or any other measures that the University deems appropriate. Interim measures are available under both Informal and Formal Resolution Processes, although the ability to impose certain protective measures against a Respondent may require that the report be resolved through the Formal Resolution Process.

4. Advisor or Support Person

Both a Complainant and a Respondent are entitled to an advisor or support person of their choice, and the advisor or support person may accompany the party to any meeting or proceeding under these Procedures. A Complainant may have an advisor or support person present when reporting discrimination and/or harassment or at any point in these Procedures. A Respondent may also have an advisor or support person present if and when the Respondent becomes a party to an Informal Resolution Process or a Formal Resolution Process. An advisor or support person may be an attorney, but an advisor or support person may not stand in

place of either the Complainant or the Respondent, act as legal counsel for a party or otherwise participate in the Informal Resolution Process or the Formal Resolution Process.

5. Time Frames

The University encourages prompt reporting. Persons who have experienced or witnessed discrimination or harassment are encouraged to report the incident to a Contact Person as soon as possible. Complaints must be filed with a Campus Equity Office within 120 days of the incident of discrimination or harassment or, where the discrimination or harassment is of an ongoing nature, within 120 days from the most recent incident. To file an Informal or Formal Complaint, a Complainant must complete a Complaint Information Form online, in person, or via electronic mail. The 120-day deadline to file a complaint does not apply to University-Initiated Investigations.

When extenuating circumstances warrant, a Chancellor, Dean of Students or the Executive Director, as the case may be, has the authority and discretion to extend any of the time limits contained in these Procedures for good cause except those relating to the filing of complaints or the filing of appeals.

In general, a Complainant and Respondent can expect that the process will proceed according to the time frames provided in these Procedures. In the event that the investigation and resolution exceed this time frame, the University will notify all parties of the reason(s) for the delay and the expected adjustment in time frames. Best efforts will be made to complete the process in a timely manner by balancing principles of thoroughness, due process and fundamental fairness with promptness.

Notwithstanding the foregoing, a Complaint relating to alleged discrimination or harassment occurring during a Complainant's employment by the University must be properly filed within 10 days following termination of the Complainant's employment with the University.

6. Expectations Regarding Participation by the Parties

All employees and students have an obligation to cooperate in the conduct of these Procedures. Failure to do so may result in disciplinary action. In the event that a Complainant chooses not to participate in an interview or declines to provide information requested by the University Investigator, the Chancellor, Dean of Students or Executive Director may dismiss the Complaint. The Chancellor, Dean of Students or Executive Director shall provide written notice of such dismissal to the Complainant(s) and the Respondent(s). In the event that a Respondent chooses not to participate in an interview or declines to provide information requested by the University Investigator, the University Investigator may conclude that such information or interview, if provided or conducted, would be adverse to the Respondent. Where the Complaint or the circumstances involve potential criminal conduct, however, a party may choose to remain silent during the process, and such silence will not be held as an admission or considered to be adverse to the party.

Any person who knowingly makes a false statement in connection with the resolution of a Complaint under these Procedures may be subject to appropriate discipline. Making a good faith report of discrimination or harassment that is not later substantiated is not considered a false statement.

7. Special Circumstances in the Event of Conflict of Interests

In the event that a complaint concerns the conduct of the Executive Director or the Dean of Students (or the Executive Director or Dean of Students has a conflict of interest), the Vice President for Ethics and Compliance shall designate an individual who shall be responsible for implementing the responsibilities of the Executive Director or Dean of Students pursuant to these Procedures. In the event that a complaint concerns the conduct of the Vice President for Ethics and Compliance or a Chancellor (or the Vice President of Ethics and Compliance or a Chancellor has a conflict of interest), the President shall designate an individual who shall be responsible for implementing the responsibilities of the Vice President for Ethics and Compliance or such Chancellor pursuant to these Procedures. In the event that a complaint concerns the President, the Chairman of the Board of Trustees shall be responsible for implementing the responsibilities of the President pursuant to these Procedures.

8. Coordination with Law Enforcement

A Complainant may seek recourse under these Procedures and/or pursue criminal action. Neither law enforcement's determination whether or not to prosecute a Respondent, nor the outcome of any criminal prosecution, is determinative of

whether a violation of University policy has occurred. Proceedings under these Procedures may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus.

At the request of law enforcement, the University may agree to defer its fact gathering for a brief period during the evidence gathering stage of a criminal investigation. The University will nevertheless communicate with the Complainant regarding support, options for resolution and the implementation of interim measures to address concerns regarding safety and well-being. The University may also take immediate and prompt steps that it deems necessary to protect the University community. The University will promptly resume its fact gathering as soon as it is informed that law enforcement has completed its initial investigation.

F. REPORTING OPTIONS AND RESOURCES FOR TITLE IX MATTERS

The University is committed to treating all members of the community with dignity, care and respect. Any individual affected by Sexual Harassment, Sexual Violence, Sexual Exploitation, Stalking or Relationship Violence, whether as a Complainant, a Respondent or a third party, will have equal access to support consistent with their needs and available University resources.

A first step for any Complainant or third-party witness may be choosing how to proceed following an incident of Sexual Harassment, Sexual Violence, Sexual Exploitation, Stalking and/or Relationship Violence. The University recognizes that deciding whether to make a report and choosing how to proceed can be difficult decisions. The University encourages any individual who has questions or concerns to seek the support of campus and community resources. These professionals can provide information about available resources and procedural options and assistance to either party in the event that a report and/or resolution under the Policies or the Procedures are pursued. Individuals are encouraged to use all available resources, regardless of when or where the incident occurred.

1. Confidential Reporting Resources

Confidentiality means that information shared by an individual with designated campus or community professionals cannot be revealed to any other individual without express permission of the individual. Those campus and community professionals include medical providers, mental health providers, ordained clergy and rape crisis counselors, all of whom have privileged confidentiality that has been recognized by the law. These individuals are prohibited from breaking confidentiality unless there is an imminent threat of harm to self or others, or the conduct involves suspected abuse of a minor under the age of 18.

It is important to understand that not all employees involved in the University's Title IX response have the same level of privileged confidentiality as the designated campus or community professionals described above. In fact, any other University employee who is not one of these confidential reporting resources may be *required* to share a report of Sexual Harassment, Sexual Violence, Sexual Exploitation, Stalking or Relationship Violence with the Title IX Coordinator. A list of on-campus confidential resources is listed in [Appendix A](#) to these Procedures.

2. Non-Confidential Campus Reporting Resources and Mandatory Reporters

The University is committed to providing a variety of welcoming and accessible means to encourage the reporting of all instances of Sexual Harassment, Sexual Violence, Sexual Exploitation, Stalking and Relationship Violence. All University community members are encouraged to report all incidents of discrimination, harassment or retaliation directly to the Title IX Coordinator or a member of the campus Title IX team.

In contrast to the designated campus or community professionals described above under "Confidential Reporting Resources," who are obligated to refrain from revealing confidential information shared within the scope of their privilege, some University employees are *required* to report all incidents of discrimination, harassment or retaliation directly to the Title IX Coordinator or a member of the campus Title IX team ("mandatory reporters"). Mandatory reporters receive annual required training to ensure that they understand their obligations and resources available to University community members who report such incidents. University employees who are mandatory reporters include faculty, supervisors, and other staff, administrators, and student employees who have significant responsibility for the welfare of students. Student employees who are required to share reports with the Title IX Coordinator include Resident Assistants. Mandatory reporters are required to share with the Title IX Coordinator all information they receive or of which they become aware, including the identities of the parties, if known. The Title IX Coordinator will conduct an initial assessment of the incident or behavior at issue, the Complainant's desired course of action, and the necessity for any interim remedies or accommodations to protect the safety of the Complainant or the community. A list of

non-confidential campus reporting options, by campus, to whom individuals are encouraged to report any incidents, is available in [Appendix A](#).

3. Privacy

The privacy of the parties will be respected and safeguarded at all times. All University employees who are involved in the University's Title IX response receive specific training and guidance about safeguarding private information. Privacy generally means that information related to a report of misconduct will only be shared with a limited circle of individuals. The use of this information is limited to those University employees who "need to know" in order to assist in the active review, investigation or resolution of the report. While not bound by confidentiality, these individuals will be discreet and respect the privacy of all individuals involved in the process.

4. Release of Information

If a report of misconduct discloses a serious and immediate threat to the campus community, the University will issue a timely notification to the community to protect the health or safety of the community. The University may also share non-identifying information about reports received in aggregate form, including data about outcomes and sanctions. At no time will the University release the name of the Complainant to the general public without the express consent of the Complainant or as otherwise permitted or required by law.

Pursuant to the Clery Act, anonymous statistical information must be shared with the campus police department where required by the Clery Act. Annual Clery Act reporting to the U.S. Department of Education is required by educational institutions for certain offenses that have been reported at campus locations. The information contained in the Clery report tracks the number of Clery reportable offenses occurring at campus locations and does not include the names or any other identifying information about the persons involved in the incident.

All University proceedings are conducted in compliance with the requirements of Title IX, the Clery Act, the Campus SaVE Act, FERPA, state and local law, and University policy. No information shall be released from proceedings under the Policies or the Procedures except as required or permitted by law and University policy. The University reserves the right to notify the parents/guardians of dependent students regarding any conduct situation, particularly probation, loss of housing, suspension and expulsion.

5. Reporting to Law Enforcement

The University encourages Complainants to pursue criminal action for incidents of Sexual Harassment, Sexual Violence, Sexual Exploitation, Stalking and Relationship Violence that may also be crimes under state criminal statutes ([see www.purdue.edu/sexual_assault/Definitions/LegalDef/index.html](http://www.purdue.edu/sexual_assault/Definitions/LegalDef/index.html)). The University will assist a Complainant, at the Complainant's request, in contacting local law enforcement and will cooperate with law enforcement agencies if a Complainant decides to pursue the criminal process. A list of law enforcement resources for each campus is available in [Appendix A](#).

6. Anonymous Reporting

Any individual may make an anonymous report concerning an act of Sexual Harassment, Sexual Violence, Sexual Exploitation, Stalking or Relationship Violence. A report can be made without disclosing one's own name, identifying the Respondent or requesting any action. Depending on the level of information available about the incident or the individuals involved, anonymous reporting may impact the University's ability to respond or take further action.

Anonymous reports can be made through the Whistleblower Hotline, an online reporting service that allows direct interaction with the Title IX Coordinator without providing identifying information. The Whistleblower Hotline can be accessed at: www.purdue.edu/hotline/ or by calling 1-866-818-2620.

As with all other reports, all anonymous reports will go to the Title IX Coordinator for review and appropriate response and action. Where there is sufficient information, the University will ensure that anonymous reports are reviewed and included for compliance with the Clery Act.

G. COUNSELING, ADVOCACY AND SUPPORT SERVICES

The University is committed to providing a number of support services to University community members who experience Sexual Harassment, Sexual Violence, Sexual Exploitation, Stalking or Relationship Violence incidents. Resources available to University community members include a variety of campus and community-based service providers and professionals.

Additionally, Purdue provides its students with professional staff who can assist students who have been subjected to Sexual Harassment, Sexual Violence, Sexual Exploitation, Stalking or Relationship Violence with academic and advocacy/support services. Professional staff within the Office of the Dean of Students is available to assist students with the following:

- Coordination of services.
- Academic adjustments, including processing absence notifications.
- Housing reassignments and assistance with emergency housing needs.
- Support during the campus disciplinary process, including in-person attendance at all meetings and ongoing in-person support.
- Support during the law enforcement process, including in-person attendance at meetings with law enforcement and/or the Prosecutor's Office.
- Assistance in obtaining no-contact directives within the University.
- Assistance in obtaining a protective order through the local court system.

A list of counseling, advocacy and other support services for each campus is listed in [Appendix A](#).

H. INFORMAL RESOLUTION PROCESS

1. Filing an Informal Complaint

To file an Informal Complaint, a Complainant must submit the Complaint Information Form online, in person, or via electronic mail. The Complaint Information Form must be submitted to the Campus Equity Office within 120 days of the incident of discrimination or harassment or, where the discrimination or harassment is of an ongoing nature, within 120 days from the most recent incident. The Campus Equity Office can provide assistance in completing the Complaint Information Form. Participation in the Informal Resolution Process is voluntary, and a Complainant may ask to conclude the process at any time. The Campus Equity Office will take steps to ensure the privacy of the Complainant and Respondent during the Informal Resolution Process to the extent maintenance of privacy does not interfere with the University's obligation to address allegations of discrimination and/or harassment.

2. Processing of Informal Complaints

In consultation with the Chancellor, Executive Director or Dean of Students, as the case may be, the Campus Equity Office may take appropriate steps to resolve the Informal Complaint. Possible resolutions by agreement of the parties may include, but are not limited to: an apology to the Complainant, assisting the Respondent to better understand the effects of his or her conduct and ways in which this behavior could be changed, participation in educational programs about equal opportunity or harassment, verbal or written reprimands, or other interventions or actions aimed at ending the discrimination or harassment, preventing its recurrence and addressing its effects. Mediation may not be used, even with the agreement of the parties, in Complaints involving Sexual Violence or Relationship Violence. Similarly, a Complainant will not be required to resolve the matter directly with the Respondent.

Prior to completing the Informal Resolution Process, and/or upon the Complainant's request, a Chancellor, the Dean of Students or the Executive Director may determine that no purpose is served by pursuing the Informal Resolution Process and may refer the Complaint to the Formal Resolution Process.

3. Conclusion of the Informal Resolution Process

The Informal Resolution Process is designed to empower the parties to an Informal Complaint to reach a mutually satisfactory agreement. The Informal Resolution Process will be concluded by one of the following: (1) a decision to stop further action on the

Informal Complaint, (2) a resolution of the Informal Complaint by agreement of the parties or (3) initiation of the Formal Resolution Process.

The Campus Equity Office will attempt to conclude the Informal Resolution Process within 30 days. Within 10 days following conclusion of the Informal Resolution Process, the Campus Equity Office must complete and submit a Status Report Form. A copy of the Status Report Form is to be submitted to the Vice President for Ethics and Compliance or Chancellor.

I. FORMAL RESOLUTION PROCESS

1. Filing a Formal Complaint

A Formal Complaint may be filed as the first course of action or following an Informal Complaint if there is no mutually acceptable resolution during the Informal Resolution Process. The University may also initiate an Investigation in the absence of a Formal Complaint by a Complainant.

To file a Formal Complaint, a Complainant must complete the Complaint Information Form online, in person, or via electronic mail. The Complaint must be dated by the Complainant and describe the alleged incident(s) with the relevant date(s), name(s) of the Respondent(s) and name(s) of witness(es). The Campus Equity Office can provide assistance in completing the Complaint Information Form.

Formal Complaints or University-Initiated Investigations in which a student or recognized student organization is named as a Respondent will be adjudicated by the Dean of Students for each campus in accordance with Sections I and J of these Procedures.

Formal Complaints or University-Initiated Investigations against employees, including faculty and staff, will be adjudicated by the appropriate Chancellor (or designee) or the Executive Director pursuant to Sections I and J of these Procedures.

2. Notification of Formal Complaint and Response

Within 10 days of receipt of a Formal Complaint, the Chancellor, Dean of Students or Executive Director will assign a University Investigator to investigate the Formal Complaint. Persons eligible to serve as University Investigators shall be designated by the Vice President for Ethics and Compliance. The University Investigator must have sufficient training and/or experience to conduct a thorough and impartial investigation.

The Chancellor, Dean of Students or Executive Director will provide prompt notification, including a copy of the Formal Complaint or notice of allegations, to the Respondent(s), to the department head or supervisor and to the appropriate Vice President, Dean or head of other major unit. The Formal Complaint or notice of allegations will be delivered through certified or express mail, electronic mail or hand delivery. In the event the Respondent is a student or recognized student organization, the Dean of Students is the appropriate Dean. The notification to the Respondent(s) will include a copy of the Formal Complaint, or, in University-Initiated Investigations, a statement of allegations, and a copy of or link to any relevant University policy and these Procedures.

The Respondent(s) will be requested to respond in writing to the Formal Complaint within a reasonable time, not to exceed 10 days from the date of certified or express mailing, electronic mailing or hand delivery of the notification of the Formal Complaint. Any extension of time must be approved by the Chancellor, Dean of Students or Executive Director. A copy of the Respondent(s)' response will be provided to the Complainant.

3. University-Initiated Investigation

In a University-Initiated Investigation, a Respondent will be provided with written notice of the allegations forming the basis of the University-Initiated Investigation, and Section I of these Procedures will govern such investigation to the greatest extent practicable.

A Complainant who may have been subject to discrimination or harassment that forms the basis of a University-Initiated Investigation shall (1) be provided with written notice that the University has commenced a University-Initiated Investigation; (2) upon request, be afforded an opportunity to meet with the Chancellor, Dean of Students or Executive Director and the panel in connection with the University-Initiated Investigation; (3) be provided with written notice of the determination of whether a

violation of University policy occurred and any sanction or remedial measures imposed in connection with the violation; and (4) be afforded the right to appeal such determination, sanctions or remedial measures in accordance with Section M.

4. Investigation of Formal Complaints

As soon as practicable following appointment, the University Investigator will interview the Complainant. Within three days following the completion of his or her interview with the Complainant, the University Investigator will notify the Chancellor, Dean of Students or Executive Director in writing as to whether or not the allegations set forth in the Complaint, if substantiated, would constitute a violation of University policy. If the University Investigator's notification indicates that such allegations, if substantiated, would not constitute a violation of University policy, the Chancellor, Dean of Students or Executive Director may dismiss the Complaint, and that decision shall be final. The Chancellor, Dean of Students or Executive Director shall provide the Complainant and Respondent(s) with written notice of such dismissal.

In the event that the University Investigator's notification indicates that the allegations set forth in the Complaint, if substantiated, would constitute a violation of University policy, or if the Chancellor, Dean of Students or Executive Director determines that the matter should be investigated, the University Investigator will conduct a thorough fact-finding investigation and will meet separately with both the Complainant and the Respondent(s), interview pertinent witnesses and review relevant documents regarding the Formal Complaint. The University Investigator may consider all relevant information, including evidence of pattern or prior misconduct by the Respondent, credibility of the parties and witnesses, and in very limited circumstances, the prior sexual history of the Complainant with the Respondent. Both parties will be provided the opportunity to provide information and names of witnesses to the University Investigator.

The investigation shall be completed within 30 days following the assignment of the Formal Complaint to the University Investigator, unless an extension of time is approved by the Chancellor, Dean of Students or Executive Director.

Within seven days following the conclusion of the investigation, the University Investigator will prepare and deliver a report to the Chancellor, Dean of Students or Executive Director. The report will include a finding based upon a preponderance of the evidence that (1) the allegations cannot be substantiated, (2) some or all of the allegations are substantiated or (3) the Formal Complaint was knowingly false or malicious. No violation of University policy will be presumed unless a preponderance of the evidence standard supports the finding of a violation. This preponderance of the evidence standard requires that the facts and information supporting each finding are more convincing than the facts and information offered in opposition to such finding. The report will include the basis upon which the University Investigator reached his or her conclusions. The report will also include the University Investigator's determination of whether a violation of any University policy has occurred and a recommendation of the sanctions to be imposed, if any.

5. Determination

Within 15 days of receipt of the University Investigator's report, the Chancellor, Dean of Students or Executive Director will convene a meeting with and seek advice from a three-member panel selected by the Chancellor, Dean of Students or Executive Director from the Advisory Committee on Equity consisting of at least one participant who is a member of the faculty and one participant who is not a member of the faculty. At least two members of the panel shall be representatives of the campus from which the Formal Complaint originated. Prior to the meeting, members of the panel shall be furnished with a copy of the University Investigator's report and copies of any Complaint or response of the parties. At the meeting, the panel will be afforded the opportunity to ask questions of the University Investigator. Upon request, the Complainant and the Respondent will be afforded an opportunity to meet with the Chancellor, Dean of Students or Executive Director and the panel.

Within 10 days following the meeting with the panel from the Advisory Committee on Equity, the Chancellor, Dean of Students or Executive Director shall make a written determination whether a violation of University policy has occurred.

In the event the charge of discrimination and/or harassment is not substantiated following the written determination of the Chancellor, Dean of Students or Executive Director, reasonable efforts may be taken to restore the Respondent(s) to their prior status.

J. SANCTIONS AND REMEDIAL MEASURES

At the West Lafayette campus, sanctions will be determined by the appropriate Vice President or Dean and the Executive Director. In the event of a disagreement between the Director and the designated Vice President or Dean, the Executive Director will refer the disagreement to the Provost for resolution. In the case of a student or recognized student organization, sanctions will be determined and imposed by the Dean of Students.

At the Calumet, Fort Wayne and North Central campuses, sanctions will be determined and imposed by the Chancellor (or designee), except that sanctions for students and recognized student organizations will be determined and imposed by the Dean of Students.

The Chancellor, Dean of Students or Executive Director will send the Complainant and the Respondent the written determination and final outcome of the matter, including sanctions, if any, by certified or express mail, electronic mail or hand delivery. The determination will include the rationale, a description of the parties' appeal rights, and any changes in the outcome before it becomes final. The appropriate Vice President, Vice Chancellor, Vice Provost or Dean is responsible for imposing the sanction.

Sanctions will be decided on a case-by-case basis and will be in accordance with University policy. Possible sanctions for employees include, but are not limited to, the following: a letter of reprimand, suspension or leave of absence without pay, reassignment of teaching or other responsibilities, removal of graduate faculty certification, denial of a merit pay increase, demotion, probation or termination. Sanctions for students are listed in Regulations Governing Student Conduct and may include without limitation verbal or written warnings, restrictions, probation, probated suspension, suspension or expulsion.

Except as provided herein, sanctions imposed pursuant to these Procedures may not be appealed or made the subject of a grievance under any other University policy.

If the accused is a faculty member and the sanction has been to recommend termination of employment, the procedures for termination of a faculty member (as outlined in Executive Memorandum No. B-48 or its successor) will be followed; provided, however, that the report of the University Investigator and the written determination of the Chancellor or Executive Director shall be accepted into evidence at the faculty member's termination hearing without the necessity of the Complainant testifying as a witness.

Remedial measures for students, faculty and staff will be decided on a case-by-case basis. Such measures may include providing an escort to ensure safe movement on campus; ensuring that the Complainant and Respondent do not share classes or extracurricular activities; reassignment of residence halls; tutoring or other academic support; arranging for extra time to complete or re-take a class or withdraw from a class without academic or financial penalty; job reassignment; targeted training for a group of students, faculty or staff; and other remedies that can be tailored to the needs of the parties.

K. ENHANCEMENT OF SANCTIONS

If a University employee, student or recognized student organization engages in conduct that constitutes discrimination or harassment motivated by bias based on a person's race, gender, religion, color, age, national origin, ancestry or disability, the sanctions for such conduct are subject to enhancement in accordance with these Procedures

Sanctions for conduct that constitutes Sexual Violence as defined by the Anti-Harassment policy (III.C.1) are subject to enhancement in accordance with these Procedures when such conduct is accompanied by the administration of rape drugs, including but not limited to Rohypnol, Ketamine, GHB and Burundanga.

L. RETALIATION PROHIBITED

Retaliation against any person for reporting or complaining of discrimination and/or harassment, assisting or participating in the investigation of a complaint of discrimination and/or harassment, or enforcing University policies with respect to discrimination and/or harassment is strictly prohibited. Overt or covert acts of reprisal, interference, restraint, penalty, discrimination, intimidation or harassment against an individual or group for exercising rights or performing duties under these Procedures will be subject to appropriate and prompt disciplinary or remedial action.

M. APPEAL

The Complainant and the Respondent each have the right to appeal the decision of the Chancellor, Dean of Students or Executive Director and imposition of any sanction to the Vice President for Ethics and Compliance. The appeal must be in writing and filed in person, via courier, or via postal or electronic mail within 10 days of the issuance of notification of the decision with all supporting materials attached. Decisions not appealed within such time are deemed final.

The appeal shall consist of a concise and complete written statement outlining the grounds for appeal and all relevant information to substantiate the basis for the appeal. Appeals are not intended to open a new investigation of the Complaint. In most cases, appeals are confined to a review of the written documentation and pertinent documentation regarding the grounds for appeal. The appeal will be conducted in an impartial manner.

The Vice President for Ethics and Compliance will issue a decision on the appeal to all parties involved. Normally this decision will be made within 10 days from the date the appeal was received. The Vice President for Ethics and Compliance may (1) uphold or reverse the finding; (2) decrease or increase the sanction(s); and/or (3) take other action as deemed appropriate by the Vice President for Ethics and Compliance. The written decision of the Vice President for Ethics and Compliance on the appeal shall constitute the University's final action.

N. FILING WITH EXTERNAL AGENCIES

Any person may file a complaint with the Indiana Civil Rights Commission, the U.S. Equal Employment Opportunity Commission or the U.S. Department of Education's Office for Civil Rights. Information regarding filing charges with any of these agencies may be obtained from the Office of Institutional Equity on the West Lafayette campus.

Statement of Policy

Purdue University is committed to maintaining an environment that recognizes the inherent worth and dignity of every person; fosters tolerance, sensitivity, understanding and mutual respect; and encourages its members to strive to reach their potential. The most effective way to work toward preventing Harassment is through education that emphasizes respect for every individual.

It is essential that Purdue University demonstrate its intellectual and ethical leadership by reaffirming its strong position against Harassment in all forms. All members of the University community must be able to pursue their goals, educational needs and working lives without intimidation or injury generated by intolerance and Harassment.

Harassment in the workplace or the educational environment is unacceptable conduct and will not be tolerated. Purdue University is committed to maintaining an educational and work climate for faculty, staff and students that is positive and free from all forms of Harassment. This policy addresses Harassment in all forms, including Harassment toward individuals with legally protected status for reasons of race, gender, religion, color, age, national origin or ancestry, genetic information or disability and Harassment toward individuals for other reasons such as sexual orientation, gender identity, gender expression, marital status or parental status. The University will not tolerate Harassment of its faculty, staff or students by persons conducting business with or visiting the University, even though such persons are not directly affiliated with the University.

Reporting and Addressing Harassment

This policy seeks to encourage faculty, staff and students to report and address incidents of Harassment. The [Procedures for Resolving Complaints of Discrimination and Harassment](#), as issued and updated from time to time by the Vice President for Ethics and Compliance, describe the necessary steps for filing complaints of Harassment.

Retaliation against faculty members, staff members or students for reporting or complaining of Harassment, for assisting or participating in the investigation of a complaint of Harassment, or for enforcing this policy is strictly prohibited.

The University reserves the right to investigate circumstances that may involve Harassment in situations where no complaint, formal or informal, has been filed. In appropriate circumstances, sanctions in accordance with this policy will be implemented.

To determine whether a particular act or course of conduct constitutes Harassment under this policy, the alleged behavior will be evaluated by considering the totality of the particular circumstances, including the nature, frequency, intensity, location, context and duration of the questioned behavior. Although repeated incidents generally create a stronger claim of Harassment, a serious incident, even if isolated, can be sufficient.

Academic Freedom and Freedom of Speech

Freedom of thought and expression are the lifeblood of our academic community and require an atmosphere of mutual respect among diverse persons, groups and ideas. The maintenance of mutually respectful behavior is a precondition for the vigorous exchange of ideas, and it is the policy of the University to promote such behavior in all forms of expression and conduct. The University reaffirms its commitment to freedom of speech as guaranteed by the First Amendment to the United States Constitution. Accordingly, any form of speech or conduct that is protected by the First Amendment is not subject to this policy. The University reaffirms its commitment to academic freedom, which is essential to its educational mission and is critical to diversity and intellectual life.

Violations of Policy and Sanctions

Any individual or group of individuals found to have violated this policy will be subject to disciplinary and/or remedial action, up to and including termination of employment or expulsion from the University. Faculty and staff who are determined to have violated this policy also may be held personally liable for any damages, settlement costs or expenses, including attorney fees incurred by the University.

Sanctions for conduct that constitutes Harassment as defined by this policy are subject to enhancement when such conduct is motivated by bias based on a person's legally protected status as defined by federal and state law: e.g., race, gender, religion, color, age, national origin or ancestry, genetic information or disability. Sanctions for conduct that constitutes Sexual Violence

as defined by this policy are subject to enhancement when such conduct is accompanied by the administration of rape drugs, including but not limited to Rohypnol, Ketamine, GHB and Burundanga. These enhancements of sanctions are applicable to University faculty, staff, students and recognized student organizations, including fraternities, sororities and/or cooperatives.

The University strongly encourages students to report instances of Sexual Violence or Sexual Exploitation. Therefore, students who provide information regarding Sexual Violence or Sexual Exploitation will not be disciplined by the University for any violation of the Regulations Governing Student Conduct relating to drug or alcohol possession or consumption in which they might have engaged in connection with the reported incident of possible Sexual Violence or Sexual Exploitation.

This policy may not be used to bring knowingly false or malicious charges against any faculty, staff, students or recognized student organizations, including fraternities, sororities and/or cooperatives. Disciplinary action will be taken against any person or group found to have brought a charge of Harassment in bad faith or any person who, in bad faith, is found to have encouraged another person or group to bring such a charge.

Education and Prevention

The University offers education and primary prevention, risk reduction and awareness programs for students, faculty and staff concerning Sexual Harassment, Sexual Violence, Sexual Exploitation, Relationship Violence and Stalking.

Coordination with Other University Policies

This policy augments, but does not supersede, other University policies covering discrimination. Although Harassment as described and prohibited by this policy includes a wide range of behavior, it does not include certain discriminatory conduct, even though that conduct may be otherwise unlawful, offensive or prohibited by other University policies.

Reason for this Policy

This policy is designed to prevent and sanction incidents of Harassment within the Purdue University community. The University believes that Harassment, which is a form of discrimination, is repugnant and inimical to our most basic values. As a land-grant university, Purdue University is committed to the principles of equal opportunity in education and employment. We take seriously our responsibility to provide leadership in ensuring that equal opportunity is the norm rather than an aspiration.

This policy helps to promote this commitment through compliance with both state and federal laws and regulations, including but not limited to:

- Age Discrimination in Employment Act of 1967
- Americans with Disabilities Act of 1990, as amended
- Executive Order 11246, as amended

Consent is given freely and voluntarily. Consent may not be inferred from silence, passivity or when an individual is Incapacitated or otherwise prevented from giving Consent as a result of impairment due to a mental or physical condition or age. No Consent exists when there is a threat of force or physical or psychological violence.

Although Consent may be given initially, it may be withdrawn at any point without regard to activity preceding the withdrawal of Consent.

The voluntary nature of Consent will be subject to heightened scrutiny in circumstances in which a person engages in a sexual relationship with a person over whom he or she has any power or authority within the University.

Harassment

Conduct towards another person or identifiable group of persons that has the purpose or effect of:

1. Creating an intimidating or hostile educational environment, work environment or environment for participation in a University activity;
2. Unreasonably interfering with a person's educational environment, work environment or environment for participation in a University activity; or
3. Unreasonably affecting a person's educational or work opportunities or participation in a University activity.

Use of the term Harassment includes all forms of harassment, including Stalking, Racial Harassment and Sexual Harassment.

Incapacitated/Incapacitation

A mental state in which an individual cannot make rational decisions because they lack the capacity to give knowing Consent (e.g., to understand the who, what, where, why and how of their sexual interaction). Such Incapacitation may be caused by alcohol or other drug use, sleep or unconsciousness. Intoxication is not equivalent to Incapacitation.

Mandatory Reporters

Individuals employed by the University who hold a title of or equivalent to President, Chancellor, vice president, vice chancellor, vice provost, dean, department head and director, as well as all faculty members, coaches, employees in supervisory or management roles, student affairs professionals, academic advisors and residential life staff. Also included are individuals who have authority and responsibility to remedy Harassment, or those whom a student would reasonably believe has such authority (e.g., Student Organization Advisors, including fraternities and sororities).

Racial Harassment

Conduct that demonstrates hostility towards another person (or identifiable group of persons) on the basis of race, color, national origin or ancestry and that has the purpose or effect of:

1. Creating an intimidating or hostile educational environment, work environment or environment for participation in a University activity;
2. Unreasonably interfering with a person's educational environment, work environment or environment for participation in a University activity; or
3. Unreasonably affecting a person's educational or work opportunities or participation in a University activity.

The University is strongly committed to providing a safe and Harassment-free environment for members of those groups that have historically been, and are still likely to be, at greatest risk of Harassment for reasons of prejudice.

Relationship Violence

Any physical, sexual and/or psychological harm against an individual by a current or former intimate or romantic partner. Intimate or romantic partners may be dating, cohabitating, married, separated or divorced, and may be of the same or opposite sex.

Retaliation

Any overt or covert act of reprisal, interference, restraint, penalty, discrimination, intimidation or Harassment against any person or group for reporting or complaining of discrimination and/or Harassment, assisting or participating in the investigation of a complaint of discrimination and/or Harassment, or enforcing University policies with respect to discrimination and/or Harassment.

Sexual Exploitation

An act that exploits someone sexually. Examples of Sexual Exploitation include, but are not limited to:

- Exposing one's own or another person's intimate parts without Consent.
- Recording video or audio, photographing, or transmitting intimate or sexual utterances, sounds or images without Consent of all parties involved.
- Allowing others to view sexual acts (whether in person or via a video camera or other recording device) without the Consent of all parties involved.
- Engaging in any form of voyeurism.

Sexual Harassment

- A. Any act of Sexual Violence.
- B. Any act of Sexual Exploitation.
- C. Any unwelcome sexual advance, request for sexual favors or other written, verbal or physical conduct of a sexual nature when:
 - 1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, education or participation in a University activity;
 - 2. Submission to, or rejection of, such conduct by an individual is used as the basis for, or a factor in, decisions affecting that individual's employment, education or participation in a University activity; or
 - 3. Such conduct has the purpose or effect of unreasonably interfering with an individual's employment or academic performance or creating an intimidating, offensive or hostile environment for that individual's employment, education or participation in a University activity.

Sexual Violence

Any non-Consensual sexual act, including but not limited to rape, sexual assault, sexual battery and sexual coercion. Sexual Violence also includes Relationship Violence. Examples of Sexual Violence include, but are not limited to:

- Non-Consensual sexual contact: touching, with any body part or object, another person's intimate parts (e.g., genitalia, groin, breast, buttocks), whether clothed or unclothed.
- Non-Consensual sexual intercourse: oral, anal and/or vaginal penetration, to any degree and with any body part or object.
- Compelling a person to touch his or her own or another person's intimate parts without Consent.

Stalking

Any knowing or intentional course of conduct involving repeated or continued following, threatening or intimidating another by telephone, mail, electronic communication, social media, in person or any other action, device or method that 1) would cause a reasonable person to suffer substantial emotional distress or fear of bodily injury or death and 2) actually causes such person substantial emotional distress or fear of bodily injury or death.

Statement of Policy

Purdue University is committed to providing a safe and secure campus environment for members of the university community. Purdue strives to create an educational environment for students and a work environment for employees that promote educational and career goals. Violent Behavior impedes such goals and is prohibited in or on any University Facility or while participating in any University activity.

Purdue University uses best efforts to protect victims of Violent Behavior by offering reasonable and appropriate security measures. Whenever possible and appropriate, accommodations or adjustments to a victim's work/class schedule, location or conditions will be made to enhance safety. Individuals who are aware that someone is a victim of Violent Behavior may offer support to the victim through steps such as referring him or her to the Employee Assistance Program, Student Counseling Center or other appropriate resources. The University's policies will allow for flexibility to attend medical, court or counseling appointments related to trauma and/or victimization from situations covered by this policy.

Retaliation against any employee, student or other member of the University community who, in good faith, reports a violation of this policy is prohibited.

Purdue University employees who violate this policy will be subject to disciplinary action up to and including termination. An act of off-duty Violent Behavior may also be grounds for disciplinary action up to and including termination if there is a relevant relationship between the type of Violent Behavior and the potential adverse impact on the employee's or another employee's ability to perform his or her assigned duties and responsibilities. Purdue University students who violate this policy on or off University Facilities may be subject to disciplinary action up to and including expulsion, as provided in the Regulations Governing Student Conduct. In addition, any person who violates this policy may be subject to the issuance of a persona non grata notification, which limits access to a part of or all of University Facilities, in accordance with the [Persona Non Grata \(IV.A.5\)](#) policy.

Alcohol- and Drug-Free Campus and Workplace Policy (C-44)

PURDUE UNIVERSITY
OFFICE OF THE PRESIDENT
EXECUTIVE MEMORANDUM No. C-44
June 12, 1998

To: Vice Presidents, Chancellors, Deans, Directors, and Heads of Schools, Divisions, Departments, and Offices

RE: Alcohol- and Drug-Free Campus and Workplace Policy

Executive Memorandum No. C-44 sets forth Purdue University's policy prohibiting alcohol misuse and the use of controlled substances and is effective 45 calendar days after the above-captioned date. This policy supersedes any prior oral or written policy of the University including, but not limited to, the Interim Drug Abuse Policy issued February 28, 1989, the Alcohol and Drug-Free Campus and Workplace Policies, effective September 1, 1990, and the Interim Policy for Drug and Alcohol Testing of Commercial Motor Vehicle Operators, effective January 1, 1995. The provisions of this policy are intended to comply with applicable local, state, and federal law including, but not limited to, the Drug-Free Workplace Act of 1988, the Drug-Free Schools and Communities Act Amendments of 1989, the United States Constitution, the Indiana Constitution, and the Americans With Disabilities Act of 1990. This policy is subject to change at the sole discretion of the University.

I. General Policy Statement

Purdue University is committed to providing students, faculty, staff, and visitors a safe and healthful campus and workplace. The University recognizes the health risks associated with controlled substance use and alcohol misuse and is committed to supporting students and employees who seek treatment for these conditions. The University also recognizes that controlled substance use and alcohol misuse diminish workplace and campus safety and undermine the University's ability to fulfill its missions of education, research, and service. The University has therefore developed this Alcohol- and Drug-Free Campus and Workplace Policy. Compliance with this policy is considered a condition of employment and attendance at the University. All employees and students will be notified of this policy by publication.

II. Scope

This policy applies to all students, employees, and invitees as defined in Section III below, except those regulated under federal or state drug laws to the extent that this policy conflicts with such laws.

III. Definitions

Alcohol means the intoxicating agent in beverage alcohol, ethyl alcohol, or other low molecular weight alcohols including methyl or isopropyl alcohol.

Controlled substances (or "drugs") refers to any drug or substance whose use is legally prohibited including, but not limited to, marijuana (THC), cocaine, opiates, phencyclidine (PCP), amphetamines (including methamphetamines).

Employee(s) means faculty, staff, or student employees.

Invitee(s) means any person authorized by the University to engage in University-related activities on University premises including, but not limited to, independent contractors, consultants, volunteers, individuals employed by outside employment agencies, conference attendees, and persons taking or auditing educational programs.

Student(s) means any person taking one or more classes for academic credit.

University premises means any building, structure, vehicle, improved land, or unimproved land, in whole or part, which is owned, used, or occupied by the University.

Workplace means any University premise or other location where an employee is engaged in University business.

IV. Prohibited Conduct

The following conduct is prohibited:

- A. **Alcohol.** Using, selling, manufacturing, distributing, possessing, storing, or dispensing alcohol on University premises, as part of any University-related activity, or in the workplace, except as authorized under *University Regulations* or otherwise by the University.
- B. **Controlled Substances.** Using, selling, manufacturing, distributing, possessing, storing, or dispensing controlled substances on University premises, as part of any University-related activities, or in the workplace, except as authorized under *University Regulations* or otherwise by the University.
- C. **Employee Treatment Programs.** Failing to meet the requirements of a drug or alcohol treatment program that the University requires an employee to complete as a condition of employment.
- D. **Workplace Inspection.** Interfering with a workplace inspection under this policy.
- E. **Impaired Job Performance or Attendance.** Alcohol misuse or controlled substance use, even though not during working hours or in the workplace, which impairs job performance or attendance.
- F. **Testing Procedures.** Failing any drug or alcohol test or engaging in any other conduct prohibited under the University's drug or alcohol testing procedures.
- G. **Prescription Drug Use.**
 1. Being under the influence of legally prescribed drugs in the workplace that prevent an individual from performing the essential functions of his or her job or where that individual poses a direct threat while using those drugs.
 2. Inquiries regarding prescription drug use by employees are governed by the Americans With Disabilities Act of 1990, and therefore should be made only as authorized by the Department of Personnel Services.
- H. **Other Misconduct.** Any other conduct that the University determines to be inconsistent with providing a drug-free and alcohol-free campus and workplace.

V. Consequences of Engaging in Prohibited Conduct

- A. **Factors Relevant to Sanction or Corrective Action.** The University will evaluate violations of this policy on a case-by-case basis. In determining the appropriate sanction or corrective action, the University may consider an individual's work or academic record, the seriousness of the violation, the safety-sensitivity of the individual's position, whether the individual's behavior violated the University's Violence in the Workplace Policy, whether a sanction or corrective action is permissible under law including, without limitation, The Americans With Disabilities Act of 1990, and any other relevant factors.
- B. **Employee.** Any employee who engages in prohibited conduct may be:
 - Immediately removed from duty.
 - Referred to the Employee Assistance Program.
 - Required to complete successfully an alcohol or drug abuse treatment program as a condition of employment.
 - Reported to authorities for criminal prosecution or other appropriate action.
 - Disciplined, up to and including termination of employment.
 - Subject to any other appropriate action by the University.
- C. **Invitee.** Any invitee who engages in prohibited conduct may be barred from further work for the University or from participating in other University-related activities as may be permitted by law. Further, they may be reported to authorities for criminal prosecution or other appropriate action.
- D. **Student.** Any student who engages in prohibited conduct may be:
 - Referred to appropriate University personnel for assistance.

- Required to complete successfully a drug or alcohol abuse treatment program as a condition of University attendance.
- Reported to authorities for criminal prosecution or other appropriate action.
- Subject to disciplinary penalties under *University Regulations*.
- Subject to any other appropriate action by the University.

VI. Workplace Inspections

A. The University reserves the right to inspect the workplace for alcohol, controlled substances, or paraphernalia relating to alcohol or controlled substances and to question any employee when it reasonably suspects that this policy or any procedure under this policy has been violated.

B. The University will prominently post the following notice in conspicuous places in the workplace:

Purdue University reserves the right to inspect the workplace for alcohol, controlled substances, or paraphernalia relating to alcohol or controlled substances and to question any employee when the University reasonably suspects that its Alcohol- and Drug-Free Campus and Workplace Policy or any procedure under that policy has been violated.

C. The decision to conduct a workplace inspection should be made jointly by the supervisor who believes the inspection would be appropriate under this policy and a representative of his or her campus personnel department. In all cases, the director of personnel services for the campus or his or her designee must authorize a workplace inspection.

D. This section of the policy does not limit in any way the Purdue University Police Department's right to conduct law enforcement activities including, but not limited to, questioning or searching any person or inspecting any University premises.

VII. Controlled Substance and Alcohol Testing

A. **Commercial Motor Vehicle Drivers.** Persons employed as commercial motor vehicle operators who are governed by Department of Transportation regulations are subject to drug and alcohol testing under procedures developed by the Department of Personnel Services.

B. **Defense Contracts.** Department of Defense regulations require the University to establish programs to test employees and final applicants for illegal drug use if they will work in sensitive positions on Defense Department contracts. The University will determine appropriate tests based on the nature of the work being performed, the employee's duties, the efficient use of University resources, and the risks to public health and safety and national security that could result if the employee fails to perform the duties of the position adequately.

C. **Intercollegiate Athletics.** Student athletes who participate in intercollegiate sports will be subject to drug and alcohol testing under National Collegiate Athletic Association regulations in testing programs developed by the University's Department of Intercollegiate Athletics.

D. **Employee Reasonable Suspicion Drug and Alcohol Testing.** All employees of the University may be subject to reasonable suspicion drug and alcohol testing under procedures developed by the Department of Personnel Services and approved by the president of the University or his or her designee. These procedures must, at a minimum, provide that the decision to conduct reasonable suspicion testing will be made jointly by a supervisor who believes reasonable suspicion exists and a representative of his or her human resource service team. Further, in all cases, reasonable suspicion testing must be authorized by an appropriate University employee or other individual designated by the University who has been trained to recognize physical or behavioral symptoms commonly attributed to the use of drugs or alcohol.

E. **Public Safety Employees.** Employees performing public safety duties may be subject to drug and alcohol testing procedures as authorized by the president of the University or his or her designee. This testing may include, but is not limited to, pre-employment testing, post-accident testing, return-to-duty testing, and follow-up testing.

VIII. Employee Self-Referral and Employee Assistance Program

- A. Self-Referral.** Employees with alcohol or drug problems are strongly encouraged to voluntarily contact their family physicians or the University's Employee Assistance Program for assistance. Employees may seek help without their supervisor's knowledge. Although voluntarily seeking assistance will not bar the University from treating the employee like other employees under this policy, the University will consider voluntary requests for help in determining any discipline to be imposed. The University will not assume any financial or other responsibility for drug or alcohol treatment except as may be provided by University benefits.
- B. Employee Assistance Program.** The University's Employee Assistance Program offers free, confidential services to employees with alcohol or drug problems, including:
1. Information about the dangers of alcohol and drug use and the University's Alcohol- and Drug-Free Campus and Workplace Policy;
 2. Assessment and evaluation;
 3. Referral to and information regarding public and private treatment programs;
 4. Services to families of employees with drug or alcohol problems; and
 5. Assistance with questions concerning insurance coverage.

VI. Federal Contract or Grant Employees

Under the Drug-Free Workplace Act of 1988 and the Federal Acquisition Regulations System, in addition to the other requirements of this policy, an employee engaged in the performance of (1) a federal agency contract for procurement of property or services valued at \$25,000 or more, or (2) a federal agency grant will notify his or her supervisor or department head if he or she is convicted under a criminal drug statute for conduct in the workplace no later than five calendar days after the conviction. The University will notify the federal contracting or granting agency within 10 calendar days after receiving notice of the conviction from the employee or otherwise receiving actual notice of the conviction.

VII. Grievance Procedures

Any student or employee with a complaint relating to the application of this policy may seek redress through applicable University grievance policies and procedures. However, employee complaints challenging drug or alcohol test results must be resolved in accordance with the applicable testing procedure.

VIII. Confidentiality

The University will take reasonable measures to ensure individual privacy under this policy including, but not limited to, keeping all drug and alcohol test results confidential to the maximum extent possible.

IX. Administrative Responsibility

Campus personnel departments will share responsibility for administering this policy and its associated procedures as they relate to employees and invitees. The Office of the Dean of Students will administer policy and procedures related to students. Intercollegiate Athletics will be responsible for policy and associated procedures described in Section VII, paragraph C.
