STUDY ABROAD POLICIES AND PROCEDURES MANUAL

Introduction
This document lists the policies and procedures that will govern all IPFW students participating in an approved study abroad and/or student exchange program for credit. Please review the following guidelines thoroughly and pay careful attention to each requirement as you begin planning your study abroad or international student exchange experience. The following information is based on university policy - Office of Academic Affairs Memorandum No. 14-1

Procedures to Study Abroad
The Office of International Education recommends that students interested in studying overseas begin to plan their visit 6-9 months prior to their expected departure date. The amount of time varies from student to student to compile required documents, obtain necessary approvals, and complete the application process.

Deadlines: The on-campus study abroad deadlines are as follows: Fall and Academic Year Applications – April 15, Summer Applications – April 15, and Spring Applications – November 1. Many study abroad programs typically have earlier deadlines. It is the student’s responsibility to comply with all posted deadlines. Students who apply for a program after the printed deadline will NOT be considered for a proposed program.

Carefully read the following procedures to participate in a study abroad or student exchange program. If you bypass any step in the process, Indiana University - Purdue University Fort Wayne will not be held liable for a lack of credit(s) transfer, withholding of funds, and damage to or loss of valuables.

1. Visit the Office of International Education’s Study Abroad Advisor in Walb 145 to discuss study abroad options. Please be ready to articulate your academic, personal, and career goals. With your ambitions in mind, the Office of International Education will help you select the program that best meets your interests.
2. While selecting a program, discuss your study abroad plans with your Academic Advisor to discuss which classes you should take and which term may work best in your degree plan.
3. Upon your decision on a program, complete and submit the Study Abroad application to the Office of International Education. The application can be picked up from Walb 145 or downloaded from the Office of International Education’s website at www.ipfw.edu/study-abroad. The Office of International Education encourages all students to be aware of all deadlines, thoroughly read all information sent by the program provider/host institution, and remain in constant communication with the program provider/host institution throughout the application and pre-departure process. The Office of International Education does not guarantee acceptance into any program or institution.
4. If you do not have a passport, apply for one. Instructions and applications can be found online at www.travel.state.gov or visit Walb 145 for further information.
5. Have your Academic Advisor assist you in completing the Study Abroad Course Approval Form. This is one of the most important documents in the Study Abroad Packet for it lists
the courses you plan to take while overseas and ensures appropriate credit transfer. The 
Study Abroad Course Approval Form must be signed by your Academic Advisor.
6. Submit the Study Abroad Course Approval Form to the Office of International Education, 
Walb 145.

advisor and the study abroad advisor. In addition, contact the Office of International 
Education and your program provider for external scholarships.
8. If you plan to reside in student housing when you return, schedule an appointment with 
Student Housing to discuss housing arrangements for the proposed semester overseas and 
the semester you return.
9. Acquire a visa if one is required for your host country and length of stay. Your program 
should provide information on applying for a student visa, and OIE will assist you as 
capable. You can also refer to the consulate web site of the country you are planning to 
pursue your studies (http://travel.state.gov)
10. All students participating in an IPFW study abroad and/or student exchange program are 
required to enroll in the Purdue University student travel insurance. For any other program, 
please work with program provider to obtain health & safety insurance or you will be 
required to obtain insurance on your own.
11. After you have completely registered for all courses overseas, send the Office of 
International Education and your Academic Advisor a copy of your course schedule. If you 
enroll in a course that was NOT listed on your Study Abroad Course Approval Form you 
must go through the credit-transfer process again with help from the study abroad advisor.
12. Make travel arrangements to the host country if your program does not provide it.
13. Attend all pre-departure orientations coordinated by the Office of International Education
